Terms & Conditions References

All prices are fixed for the duration of the G-Cloud 15 framework.

All services are subject to supplier standard terms and conditions.

All prices shown are exclusive of VAT.

Notes, Assumptions, and Constraints

1. Prices vary depending on the length of subscription commitment. Buyers may choose any term from 12 months to 48 months, with applicable pricing as shown.
2. Optional services or add-ons are clearly indicated in tables.
3. All optional/add-on pricing is fixed for the duration of the framework.
4. Data is hosted on ISO 27001-certified cloud infrastructure located in the UK.
5. Standard business-hours support (Mon–Fri, 9am–5pm UK time) is included with the subscription.
6. Per day indicates a standard 9am – 5pm work day unless discussed otherwise.
7. *Included custom reports are limited to the stated number and are based on up to 2 hours of development time per report. Additional custom reports are chargeable under software development.
8. Import cost based on 1 day development work.
9. The subscription fee is due on the go-live date.
10. Concurrent users are the maximum number of users who can be logged in and actively using the system at the same time.
