

Hybrid Cloud Management Pricing Guidelines

- Essentials is £419.50 per month for Remote Technical Advice hours – pricing is based on 3 hours per month – in hours (i.e. total 36 hours per annum and includes technical audit).
- Enterprise is £419.50 per month for Remote Technical Advice hours based on 3 hours per month in hours (as above) plus a monitoring charge which varies per server starting at £5.50 for a Windows server and up to £9.50 for more specialised services e.g. VMWare/HyperV.
- Enterprise Plus is made up of a monitoring and management charger per month per server – this varies starting at £58.00 for a Windows Server and up to £91.50 for an Exchange Server. We can provide a price for monitoring (Enterprise) or monitoring and management (Enterprise Plus) per server type. Note: no transition charges are included, if we are adopting an environment for management there will be PS charges to facilitate.
