 quantexa

Introduction

Quantexa operate a flexible pricing approach that enables customers to procure our technology in a way which focuses on business outcome and value for money. Quantexa works collaboratively with the end-customer to jointly shape the optimum way to use our technology and agree a pricing approach that aligns to budget / desired outcomes. Based on customer scope and requirements Quantexa offers additional incentive and discount initiatives considering factors such as, volume, 'time-to-buy' and contract duration.

Outlined below is a high-level summary of the Quantexa Decision Intelligence platform:

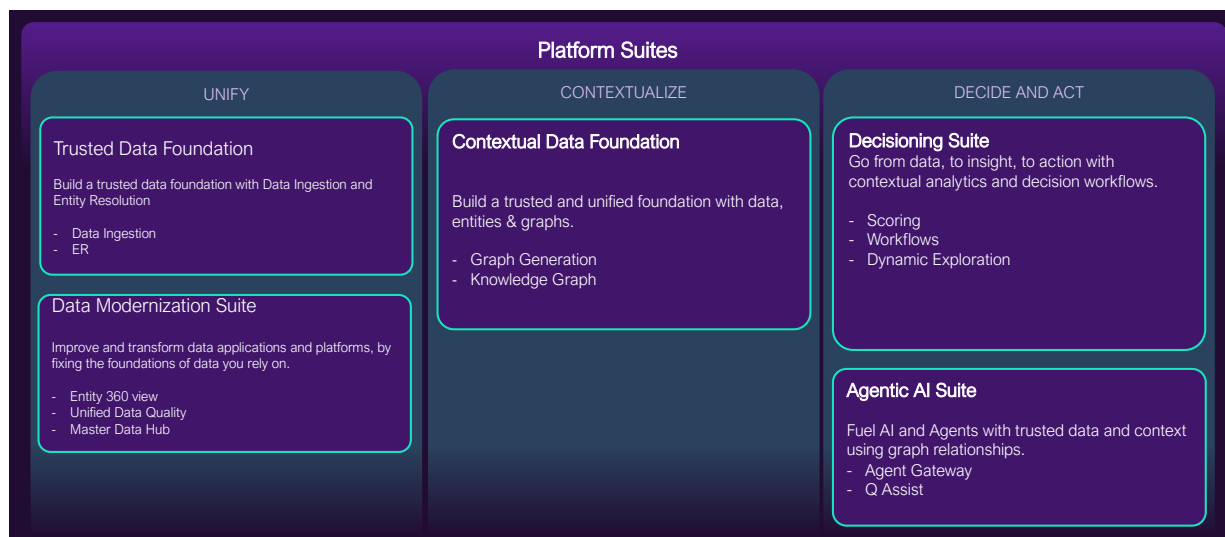

How Quantexa Software is Licensed

Quantexa is typically licensed through either:

1. **Platform Suites** which do not typically limit the number of users, data volumes / sources or transactions through the platform and are deployed as a platform level capability.
2. **Business Purpose Solutions** which are more specific to addressing certain business outcomes.

Platform Suite Pricing

Outlined below is an example of the Quantexa platform suites:

Tier	Platform Suites				
	Trusted Data Foundation	Data Modernisation	Contextual Data Foundation	Decisioning Suite	Agentic AI Suite
1a	£7,740,000	£1,177,200	£2,520,000	£3,780,000	£4,320,000

Quantexa Operational Pilots

To support the evaluation of our technology, Quantexa offers operational pilots that are generally procured for periods of up to 12 months. These pilots are designed to deliver operational impact and value by providing a focused segment of the overall solution, which may be scaled as needed.

Operational pilots are typically arranged on a case-by-case basis. Typical ranges are provided below:

Tier	Pilot Price Range (Excluding VAT)
1a	£250,000 - £500,000
1b	£150,000 - £300,000
2	£75,000 - £150,000
3	£25,000 - £75,000

Key Assumptions

- Prices quoted exclude VAT.
- Software is licenced as an annual subscription with a multi-year initial term which can be further extended by a set number of years. Standard product support and maintenance are included in the licence.
- Prices exclude any third-party data costs.
- Quantexa does not typically limit by users, data sources or number of transactions running through the platform.
- Enterprise Licensing priced on a case-by-case basis.
- Software License pricing is tiered as follows:
 - Tier 1a (e.g. Large Ministerial Departments and Non-Ministerial Departments)
 - Tier 1b (e.g. Ministerial Departments Non-Ministerial Departments and NHS ICBs,
 - Tier 2 (e.g. Agencies, Other Public Bodies, Local Authorities, NHS Trusts and Devolved Administrations,)
 - Tier 3 (e.g. Third Sector, Charities, GP Groups)
