We operate a full SaaS platform and therefore our pricing is all inclusive. The model includes:

- Full access to the platform (including integrated video, telephony, and messaging options)
- Online training
- Service deployment
- 1st and 2nd line support – throughout the lifetime of the agreement
- 24/7 access to our online support portal (including case studies, user guides, clinical templates, resources, templates, and practical videos)

- Regular "drop-in" webinar Q/A sessions led by our Transformation Team
- Bespoke support from our Transformation team to help embed business change
- Full reporting package (incorporating platform usage, patient activity and patient experience)
