Cutting Edge Healthcare IT

EDGEBITS Pricing Document

This document outlines the pricing policy for our Software as a Service EDGEPRINT, the fully managed Primary Care Mobile Print Application.

EDGEBITS PRINT SOFTWARE APPLICATION AND PRODUCT SUPPORT SERVICE.

**‘EDGEPRINT a fully managed primary care mobile print application
service enabling staff and service mobility across every GPIT
Estate’**

EDGEBITS has a well established reputation within the healthcare and public sectors and has wide-ranging experience of successfully developing and delivering effective IT infrastructure and other IT solutions to meet the needs of our clients. We have successfully developed and delivered digital transformation for a large number of NHS trusts.

Our company also has extensive primary care experience with a profound understanding of the technical and business needs of primary care. Our Primary Care Mobile Print Application - EDGEPRINT is a fully configurable solution developed in response to the need for effective and automatic mobile printing in primary care settings. This is an example of our collaborative approach with clinicians and of our long term partnership with our clients which facilitates powerful change and service excellence.

We work with honesty, openness and integrity and take our responsibility for our clients' success seriously. EDGEBITS is dedicated to delivering quality and success in partnership with our clients and is proud to continue offering our services through government frameworks such as G Cloud.
