## **EDGEBITS DIGITAL CONSULTANCY & SUPPORT SERVICE.**

**‘EDGEBITS offers expert consultancy and IT business transformation that empowers our clients to succeed’**

EDGEBITS has a well established reputation within the healthcare and public sectors and has wide-ranging experience of successfully developing and delivering effective IT infrastructure and other IT solutions to meet the needs of our clients. We have successfully developed and delivered digital transformation for a large number of NHS trusts.

We begin by clearly understanding clients’ priorities and challenges and then providing guidance, support and advice so that they can prioritise resources effectively and ensure that investment remains tightly aligned to business goals.

Our company supports, facilitates, and enables our clients to achieve success in delivering complex and robust IT solutions by combining industry know how with our pragmatic and outcome driven methodology.

Our comprehensive range of professional services combine best practice with commercial pragmatism. They are designed to work with clients, supporting them to achieve their business goals and to create value for their organisation. We enable our clients to increase productivity, accelerate growth and deliver outstanding user experiences.

We work with honesty, openness and integrity and take our responsibility for our clients’ success seriously. EDGEBITS is dedicated to delivering quality and success in partnership with our clients and is proud to continue offering our services through government frameworks such as G Cloud.
