Additional Services (Optional)

Other services are available and billed according to our SFIA rate card. Typical offerings include:

Teams Remediation

- Recommended for customers introducing Orchestra into an environment with existing Teams “sprawl”.
- We guide you through a remediation process to clean up the environment, implement Orchestra, and enable long-term governance success.

Advanced Configuration

- Services may include:
 - Workspace Templates: Art of the Possible Workshop, Requirements Definition Workshop(s), Template Decisions
 - Lifecycle Management: Art of the Possible Workshop, Requirements Definition Workshop(s), Capture Lifecycle Decisions
 - Platform Configuration
 - Archiving & Retention Planning: Guidance on Teams and SharePoint content archiving, automated retention policies, and lifecycle enforcement to maintain compliance and reduce sprawl.

Adoption and Rollout

- Services may include:
 - Orchestra Administration Workshop(s)
 - Adoption planning and training materials

- Platform configuration, enhancement, and optimisation
- New Features Workshop(s)
- Workspace Template and Lifecycle Management Optimisation Workshop
