Proven public sector impact

La Fosse helps organisations establish clear, consistent governance across programmes and portfolios. We design and operate PMO and Centre of Excellence models that provide visibility, control and assurance over delivery. Our approach standardises reporting, risk management and decision-making, improving confidence in outcomes while building sustainable in-house governance capability.

PMO governance
framework design and
oversight

Established a robust PMO framework to enable consistent delivery oversight, risk management, and performance reporting across complex portfolios.
Outcome: Improved governance controls, standardised reporting, and stronger portfolio delivery assurance.

Governance alignment
and portfolio
management

Defined and implemented governance processes, PMO standards, and delivery templates to improve visibility, risk management, and portfolio oversight across digital services.
Outcome: Better alignment of project outcomes to strategic goals, improved project predictability.

Sustainable PMO
capability
development

Developed a Centre of Excellence for PMO to guide complex government programmes, embedding a sustainable, repeatable governance model for continuous delivery improvement.
Outcome: Strengthened internal PMO capabilities, faster decision-making, improved portfolio visibility.

Delivering positive, lasting impact beyond project outcomes

We're an employee-owned business that believes transformation should empower people as much as technology. Every engagement builds confidence, inclusivity, and self-sufficiency within client teams.

Sustainability and climate

Eco-conscious operations, reduced travel, digital-first engagement, social sustainability through charitable partnerships.

Inclusion and opportunity

Diverse delivery teams, fair pay, early-career pathways via La Fosse Academy.

Wellbeing, culture and communities

Consultant communities, prioritising mental and physical wellbeing, transparency and healthy working practices.
