1.1 Pricing Model

The pricing of any complex managed service contract would need to be formalised following an audit and understanding of the exact support requirements and current ICT environment. However, for the G-Cloud 14 framework agreement, we have been asked to provide some guidelines as to indicative pricing. These are therefore guidelines only and exclude set up and transition costs.

1.2 Darktrace Cyber Security pricing

Darktrace Services

Darktrace offers additional service options. These can be customized as desired in order to support your security and IT teams. Services can be delivered by Darktrace's Cyber Analysts, our in house experts in threat analysis and cyber intelligence, or Darktrace Certified partners. Most importantly, these offerings are crafted based on our experience across all sizes of companies and sectors to give you a tailored fit.

Ask the Expert

Available from within the Threat Visualizer or Customer Portal, Darktrace's Ask the Expert (AtE) service allows you and your security team to send in queries during live threat investigations to one of our world class cyber analysts sitting in Darktrace's SOC's in Cambridge (UK), San Francisco or Singapore. Using the Expert, customers can drag and drop graphics and traffic flow data directly into queries, allowing your team to work collaboratively with Darktrace analysts on any questions you may have when new or advanced threats appear in your digital ecosystem.
