Ideagen EHS – Work Wallet Pricing Document

Standard Licencing Modules

Paid, licensed users have access to the module's functionality based on their permissions through both the mobile app and desktop. Modules that support the Free Reader allow the licensed user to send content to unlicensed users or contacts to read / confirm the content they created (For example, sending a PDF of an Audit to a Contact or having a contact read and confirm a Briefing).

Additionally, modules can be used by contractors through the Contractor Gateway (Gateway pricing below).

Module Name	Price	Plus Tier	Free Reader	Contractor Use
Asset Inspector	£1.00	£2.00	No	Plus
Asset Manager	£4.00	£6.00	No	N/A
Audits	£3.00	£6.00	Yes	Plus
Briefings Manager	£5.00	N/A	Yes	Standard
Clock I/O	£2.00	£4.00	No	Standard
Inductions	£5.00	N/A	Yes	Standard
ID, Training & Competency Manager	£5.00	N/A	No	N/A
Issue Reporting	£2.50	£5 (available 2027)	No	Plus
Jobs	£3.00	£6.00	Yes	Plus

Permit to Work	£3.00	£6.00	Yes	Plus
PPE Manager	£5.00	N/A	Yes	N/A
Risk Assessments	£2.50	£5 (available 2027)	Yes	Standard
Safety Cards	£2.00	N/A	No	N/A

Note: Modules can be assigned to groups of users as needed for effective pricing and functionality distribution. IE, 100x Group 1 with Issue Reporting & Asset Inspector. 20x Group 2 with All in Bundle.

Module Bundles

All In, access to all modules	£25
-------------------------------	-----

Volume Discounts

Discounts applied to standard licensing per module and bundles, once a threshold of users is reached.

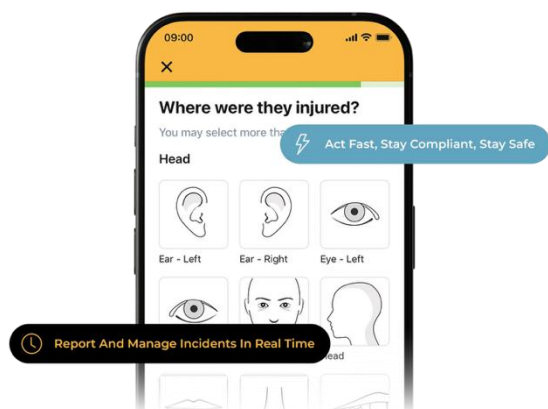

More than 20 Users	10%
More than 50 Users	20%
More than 100 Users	30%
More than 500 Users	50%
More than 1,000 Users	60%

Contractor Gateway Usage

Volume of external contacts (non users / contractors) accessing the contractor gateway web link via QR code or through the app Kiosk function.

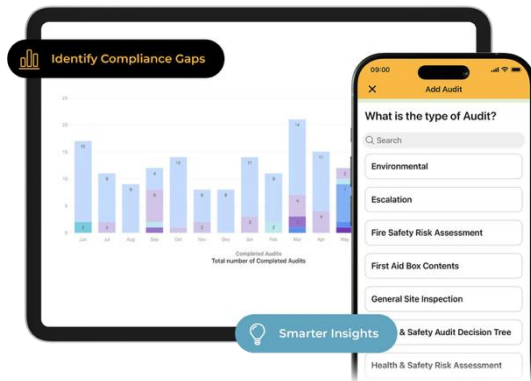

Contacts per month	Standard	Plus (includes Standard)
1 – 100	£100 pm	£300
101 – 250	£200 pm	£600
251 – 500	£400 pm	£1,200
501 – 1,000	£750 pm	£1,500
1,001 – 2,000	£1,250 pm	£2,250
2,001+	£1,750 pm	£3,750

Modules Summary

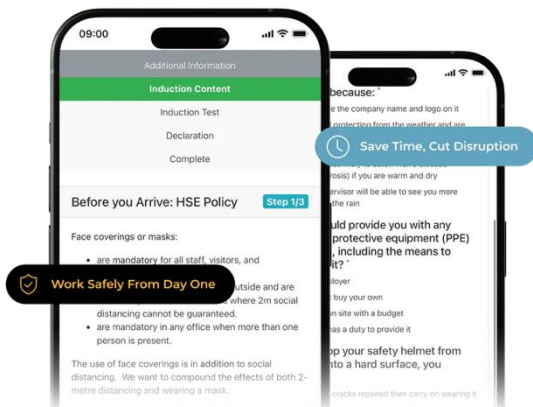

Issue Reporting

A full suite of accident and incident reporting tools enables teams to instantly report and investigate occurrences on the go, and respond in real time. Easily capture and analyse data to identify trends and prevent hazards.

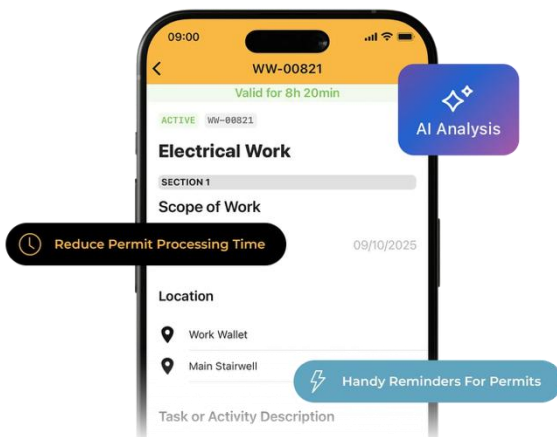

Audits & Inspections

Record and observe on the go with an easy to use system that captures a range of audits including safety tours, environmental checks, welfare inspections, health and safety inspections and much more.

Digital Inductions

Easily create and send digital inductions for your workplace or sites to visitors, contractors and new starters before they arrive.

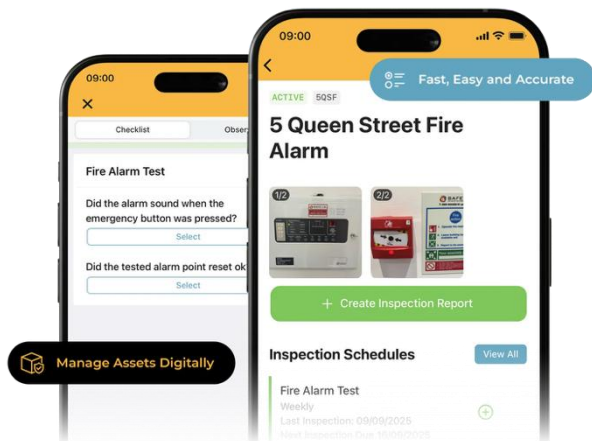

Permit to Work

Get an instant, real-time view of your site permits and get that bird's eye view of all high-risk activity on site.

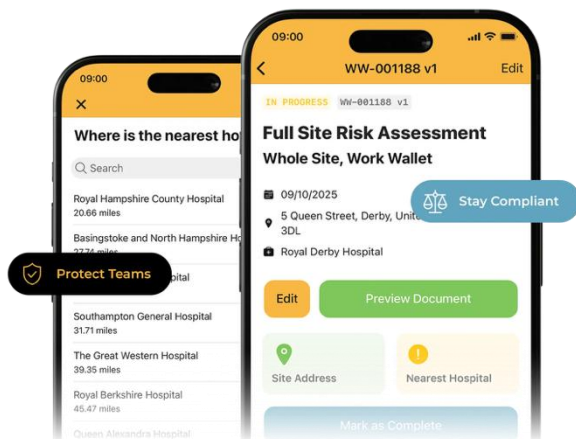

Asset Inspections & Management

Keep track of your essential equipment – and keep it in good order – with digital Asset Inspections. Scan, inspect, and track with ease while on the move.

Risk Assessments

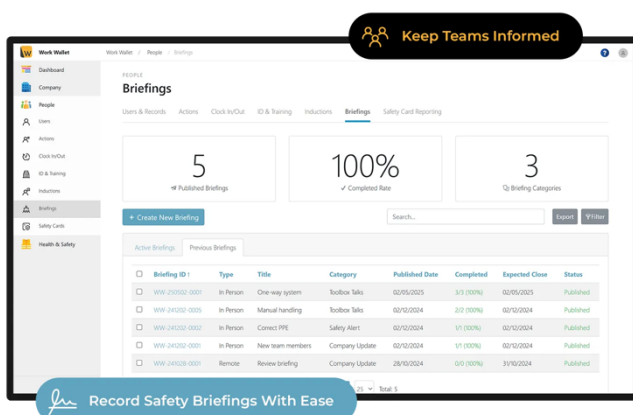

Your risk assessments are instantly and digitally available in our all in one health and safety platform.

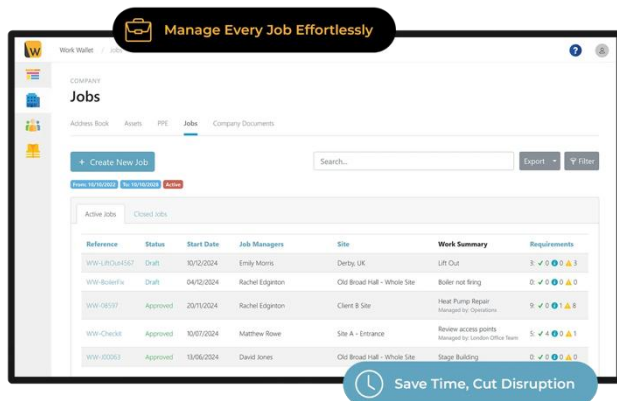

Safety Briefings

Safety Briefing, Toolbox Talk or Safety Minute; whatever you call them, you can manage all aspects of your safety on Work Wallet.

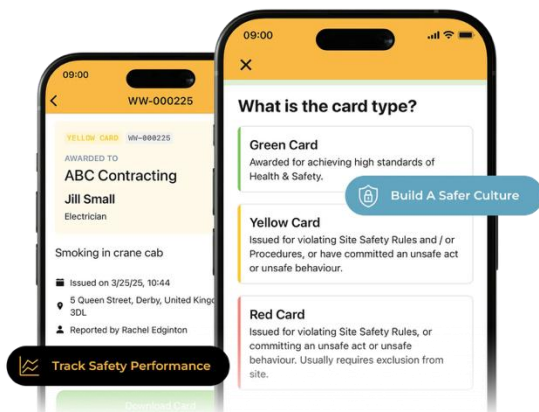

Keeping your workers up to date with information is key to keeping everyone safe.

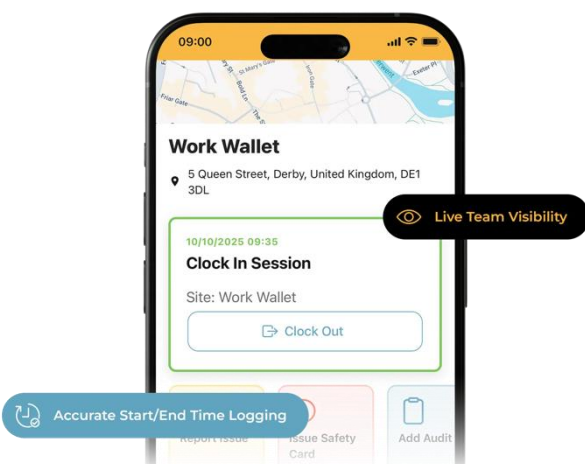

Job & Contractor Management

Every piece of information about a job all in one place. Create and share job packs, risk assessments, audits, training packs and all other documentation with our platform.

Safety Cards

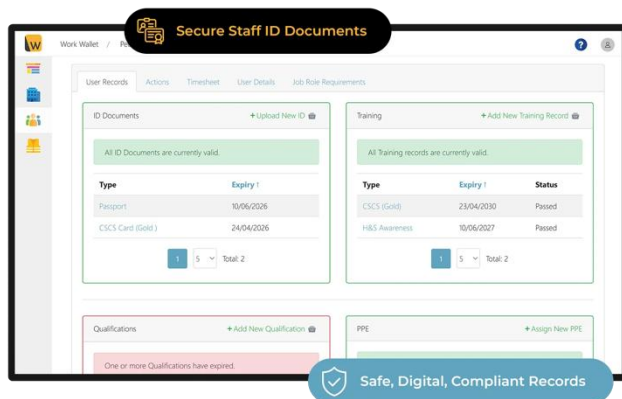

Spot repeat offenders easily and help make sites safer with the Safety Card tool. Capture and record individuals' compliance of safety practices and reward your outstanding achievers.

Clock in/out & Lone Working

Your Team can easily record their arrival and departure at a site or general location using the mobile app. The lone worker extension as part of Clock IO + provides a pre-agreed check-in window for them to confirm their safety.

Digital ID & Training Records

Store all of your information securely in the Work Wallet app so that everything you need is at your fingertips. Monitor competencies and have real-time statuses for individuals' compliance with their defined job role.
