Ideagen Policy Compliance Pricing Document

Ideagen Policy Compliance is a best in class contract management system for organisations requiring robust Policy Management Solutions.

Platform fees are an annual charge and pricing is per-user and based on a SaaS cloud hosted platform.

Implementation fees are based on the number of days required, which are influenced by the plan (Premium, Enterprise).

The implementation fees are included in the annual price for multi-year agreements. Additional hours are available at an additional cost per day.

For single-year agreements, please reach out to your Ideagen Point of Contact for a bespoke quote.

There is then an additional cost based on the number of viewer licences, documents, and manager licences required. Costs are cumulative within tiers, hence pricing for the initial tier is as given, followed by specific pricing for subsequent bands.

Optional Add-ons for the Premium Plan include Certifications and AI capabilities.

Optional Add-ons for the Enterprise Plan include Certifications. AI is available as standard.

Customer Success Packs are available at three levels: Essential (no additional charge), Standard (15% uplift on licence fees) and Premier (25% uplift on licence fees), providing varying levels of support.

Step-by-Step Quote Calculation Guide

Follow these steps to calculate your annual Ideagen Policy Compliance subscription cost.

This covers core infrastructure, hosting, security, and platform maintenance. This fee applies to both Premium and Enterprise plans.

Step 1: Determine Your Requirements

Gather the following information about your organisation:

- Total number of policy viewers (minimum 100)
- Total number of active policy documents (minimum 250)
- Total number of policy managers (minimum 10)
- Whether you require Certification Management (optional)
- Whether you require AI-powered features (optional for Premium, included in Enterprise)

Step 2: Choose Your Plan

Select between Premium and Enterprise plans:

- **Premium:** Standard pricing with optional AI add-on
- **Enterprise:** Includes AI features at no additional cost

Step 3: Calculate Viewer License Cost

Using cumulative tier pricing from the Viewer Licenses table:

1. Start with the first viewer: $1 \times £332 = £332$
2. Add viewers 2-50: Number in this tier $\times £12$
3. Add viewers 51-100: Number in this tier $\times £7.20$
4. Continue through remaining tiers as applicable
5. Sum all tier costs for total viewer cost

Example: For 200 viewers: $(1 \times £332) + (49 \times £12) + (50 \times £7.20) + (100 \times £4.35) = £1,715$

Step 4: Calculate Document License Cost

Using cumulative tier pricing from the Document Licenses table:

1. Start with the first document: $1 \times £421.20 = £421.20$
2. Add documents 2–250: Number in this tier $\times$ £1.20
3. Add documents 251–500: Number in this tier $\times$ £0.84
4. Continue through remaining tiers as applicable
5. Sum all tier costs for total document cost

Example: For 400 documents: $(1 \times £421.20) + (249 \times £1.20) + (150 \times £0.84) = £846$

Step 5: Calculate Manager License Cost

Using cumulative tier pricing from the Manager Licenses table (note Premium vs Enterprise pricing):

1. Start with the first manager: Premium £2,352 or Enterprise £3,024
2. Add managers 2–10: Number in this tier $\times$ (Premium £672 or Enterprise £864)
3. Continue through remaining tiers as applicable
4. Sum all tier costs for total manager cost

Example: For 15 Premium managers: $(1 \times £2,352) + (9 \times £672) + (5 \times £436.80) = £10,584$

Step 6: Add Optional Components

Certification Management (if required):

Calculate using the Certification Management Add-On table with minimum 10,000 acknowledgements.

AI-Powered Features (if required):

- **Premium:** Calculate using the AI Add-On table
- **Enterprise:** No additional cost – already included
