# The monday.com difference

## Flexible yet standardized

Build custom workflows with a no-code interface, while defining admin controls to maintain cross-org consistency.

## Products teams love to use

Onboard your entire organization with intuitive products they'll love to use.

## Fast time to value

See value fast with products that are quick to implement and even easier to learn.

# Enterprise-grade security

Keep your company's data secure and compliant with industry-leading security standards and certifications.

## Compliance & Certifications

monday.com follows strict international standards and regulations in order to keep your data safe

ISO/IEC 27001:2022 which is the most rigorous global security standard for Information Security Management Systems (ISMS)

ISO/IEC 27017:2015 provides controls and implementation guidance for both cloud service providers and cloud service customers

ISO/IEC 27018:2019 establishes commonly accepted control objectives, controls and guidelines for implementing measures to protect Personally Identifiable Information (PII)

ISO/IEC 27032:2023 provides guidance for improving the state of Cybersecurity, drawing out the unique aspects of that activity, and its dependencies on other security domains

ISO/IEC 27701:2019 specifies requirements and provides guidance for establishing, implementing, maintaining and continually improving a Privacy Information Management System (PIMS)

The Health Insurance Portability and Accountability Act (HIPAA)

Service Organization Control (SOC) 1 Type II Report

Service Organization Control (SOC) 2 Type II Report

Service Organization Control (SOC) 3 Report

General Data Protection Regulation (GDPR). For the success of our customers and the protection of their personal data

Protected by PrivacyTeam: global leading privacy consulting firm

monday.com is an APN Advanced Technology Partner and a part of the APN Global Startup Program

Cloud Security Alliance (CSA): The world's leading organization dedicated to awareness of best cloud security practices. monday.com has completed their industry standard security questionnaire.

Certified through the Texas Risk and Authorization Management Program. These certified products have undergone a rigorous risk assessment and met strict security standards, ensuring they are suitable and secure for utilization by Texas State and local government entities.

monday.com Inc, our US subsidiary, complies with the EU-US Data Privacy Framework (EU-US DPF), the UK Extension to the EU-US DPF, and the Swiss-US Data Privacy Framework as set forth by the US Department of Commerce, and where appropriate - primarily relies on such certification for accepting transfers of data from the EEA, UK and Switzerland to the US (as applicable).
