What you get with Miro Enterprise

- Multiple teams within one subscription, centrally managed.
- Flexible Licensing after the initial purchase (scale licenses as usage grows).
- Security & admin controls: SSO and SCIM, Domain Control, restrict public-link sharing, advanced user management/permissions, advanced plugin management, data classification for boards, idle session timeout, audit logs, and advanced search/content admin permissions.
- Team consolidation to bring self-serve teams from your domains into the Enterprise subscription.
- Enterprise-only integrations such as Azure DevOps, Splunk, and ServiceNow.
- Offline purchase and vendor onboarding support (e.g., NDA/MCA/DPA, security review, offline invoicing for POs), plus a dedicated Account Manager and Customer Success program.

Add-ons (optional)

- **Enterprise Guard (Enterprise-only):** security and governance to help identify and manage sensitive content; supports content lifecycle management and eDiscovery.
- **Miro Prototypes add-on:** AI prototypes from screenshots/diagrams/docs/images/selected brainstorm objects; includes additional AI credits (minimum 350 AI credits per month).
- **Miro AI credit add-on:** increases your monthly allocation of Miro AI credits.
- **Purchasing & management:**
 - Billing Admins or Company Admins can manage add-ons.
 - For Enterprise subscriptions, Company Admins purchase via the account team.
 - Add-ons are billed with your plan, prorated for the remaining billing period, and renew automatically with the subscription.
 - Yearly add-on pricing includes a 20% discount.

Why buy through Generation Digital

- Certified partner support for licensing, procurement, and renewals.
- Implementation services: onboarding, enablement, governance, and change management to drive adoption.
- Optional professional services and premium support packages can be scoped alongside your subscription.

Plan	Annual Cost per User (GBP)	Billing	Minimum Users	Contract Terms	Notes
