Netskope uses a flexible “per-seat, per-year” licensing model where you pay only for the number of users you need and the security modules you choose.

Pricing depends on which features you require — e.g., basic web security, advanced data protection, zero-trust access, cloud app controls, or full Security Service Edge (SSE) coverage.

You can start with a basic package and add more advanced modules later as needed. For larger Enterprise organisations you can receive a customised quote rather than a fixed public price list. Contact Generation Digital for more information.

Package / SKU	Annual list price (per user)
SSE Professional (basic Security Service Edge)	From £150
SSE Enterprise (full Security Service Edge)	From £200
Private-Access (Zero-Trust) – Professional	From £300
Private-Access (Zero-Trust) – Enterprise	From £400
Next-Gen Secure Web Gateway (NG-SWG) – Professional	From £125
NG-SWG – Standard (web-only traffic)	From £75
Cloud Firewall (basic)	From £30

All prices are quoted in GBP (£).

All pricing is based on annual billing.

Volume discounts may apply for Enterprise or high usage users.

Additional license types and pricing options are available upon request.
