How does Databricks pricing work?

Pay as you go

Databricks offers you a pay-as-you-go approach with no upfront costs. Only pay for the products you use at per-second granularity.

Save more with

Committed Use Contracts

Databricks offers you opportunities to access discounts and other benefits when you commit to certain levels of usage. The larger your usage commitments, the greater your benefits, including options to flexibly use commitments across multiple clouds. [Contact us for details.](#)

Data Engineering

Prices available upon request £

Orchestrate data processing, machine learning and analytics pipelines; Build streaming and batch pipelines; Ingest data from a wide variety of sources with in-built connectors
