In the ancient land of Eldoria, where skies shimmered and forests, whispered secrets to the wind, lived a dragon named Zephyros. [sarcastically] Not the "burn it all down" kind... [giggles] but he was gentle, wise, with eyes like old stars. [whispers] Even the birds fell silent when he passed.

Powered by Eleven v3 (alpha)

Generate high-quality audio with our AI voice generator for audiobooks, videos, and podcasts

AUDIOBOOKS

Upload your ePub or PDF, pick your characters, direct the delivery, and publish high-quality multi-voice audiobooks.

VIDEO VOICEOVERS

Select the ideal voice or clone your own. Generate ads, shorts, or films with our AI voice generator.

DUBBED VIDEOS

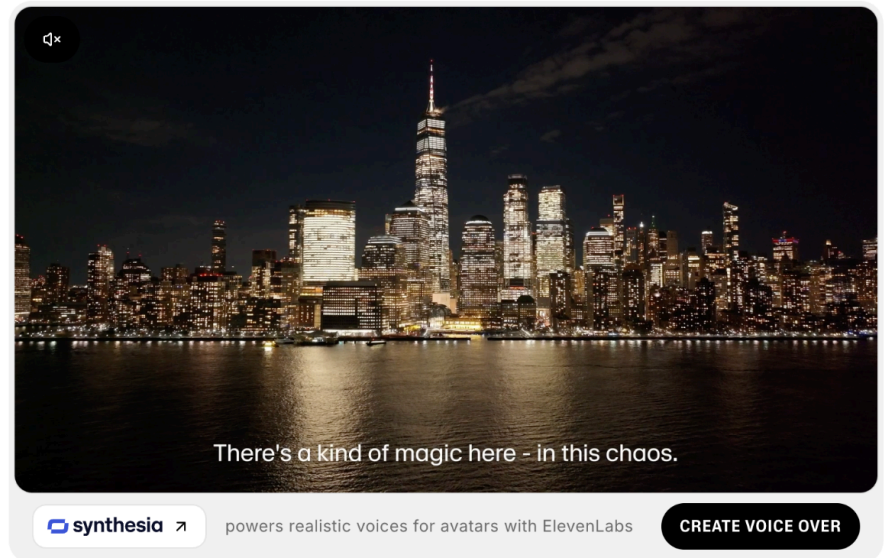

Translate into 30+ languages while preserving the speaker's voice. Dub with one click or use Dubbing Studio for full control.

PODCASTS

Use Voice Isolator to clean up any recording, or Text to Speech to generate short segments or full podcasts with multiple speakers.

MUSIC

Generate studio-quality tracks instantly, any genre, any style, vocals or instrumental, in minutes using simple text prompts.

Deliver new experiences and save costs for your enterprise

CALL CENTERS & CUSTOMER SERVICE

Power inbound and outbound AI calls at scale, for customer support, customer service, and sales. Deliver higher quality interactions at a lower cost.

AI ASSISTANTS

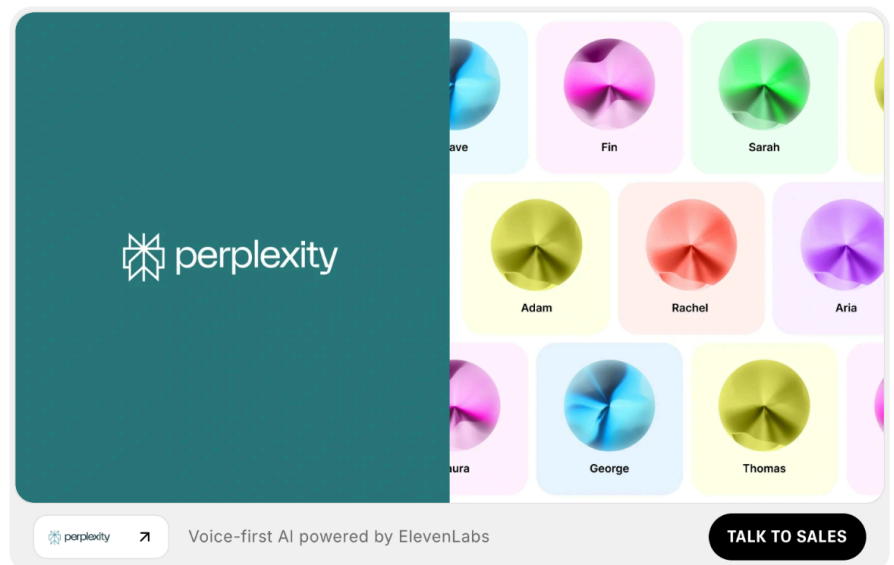

Give voice to your AI assistants. Get to production in days not weeks with low-latency and ultra-realistic interactions. Scale with full control over the LLM.

EDUCATION TECHNOLOGY

Build more engaging experiences with Conversational AI. Take learning to a new level and support 29+ languages with the highest quality voices.

MEDIA CREATION TOOLS

Build AI audio into your media creation platform. Give your users the highest-quality voices, control over delivery with voice changer, and royalty-free sound effects.
