

Appspace Pricing Structure

Cloud Software

Appspace Services Pricing

Appspace pricing is focused on devices and users. There are two user types: Premium Users and Platform Users. Premium Users are employees and have access to the Employee App to view content and make reservations for rooms, desks and other workplace resources. Platform Users are administrators and have access to the console to administer the platform.

Product Name	Rate Plan Name	Rate Plan Charge Name	Type	Product Description	Monthly Price**	MSRP

*Additional platform users can be added free of charge.

**Additional premium users can be added at a minimum quantity of 25 and follows a tiered pricing approach (see Premium User Pricing table). Each additional premium comes with an incremental entitlement of 0.5GB of bandwidth per month.

There are further options to add devices to a package, for example in amounts of 5+ devices where a number of additional devices are needed over the package limit. Available upon discussion and agreement with Appspace.

Platform Users (admin) - FREE

Can access the console to create and manage business updates, and administer the platform.

- Access to all authoring tools in the platform.
- Manage locations, devices, and users.
- Access content and console analytics.
- Manage support cases, payments, and upgrades.

Premium Users - PAID

Can access the Employee App to view user-centric content and make workspace reservations.

- View content published for employee communications in the app.
- Book room and desk reservations and other workspace resources in the app.

Premium User pricing
