

HANDD Business Solutions is a global managed services provider helping organisations reduce risk by improving visibility, control, and operational governance across critical data workflows. We implement and manage security and automation platforms day-to-day across Managed File Transfer (MFT), data integration, DLP, and AI security, helping teams identify gaps, enforce policy, and maintain audit-ready compliance. Trusted by over 1,000 clients across 27 countries, HANDD delivers vendor-agnostic expertise backed by 24/7 global operations centres. Learn more at www.handd.co.uk.
