Cloud Strategy and Advisory Services

We help you develop an accurate understanding of as-is and potential to-be across cloud services, with a clear vision statement and detailed business case to support the cloud vision. The business case is documented to inform stakeholders and support any executive investment cases.

Features

- Cloud assessment of all key functional areas.
- Recommendations for next steps.
- Business case and TCO/ROI.
- Development of target operating model (TOM).
- Recommendations to support development of a Cloud-first strategy.
- Vendor independent analysis.
- Healthcare specialists - EPR, LIMS, Clinical Systems.
- Trust wide, ICS, regional and national support.

Benefits

- Identify key areas where Cloud can provide significant benefits.
- Support decisions to re-platform, retire, retain, repurchase, re-host, or re-factor.
- Outcome-focussed workflow.
- High value output enabling organisations to cloud transform.
