

Cyber Security Services

Service Definition Document
CCS - G-Cloud 15

How we work

We provide digital change consultancy services, from initial strategy and scoping through vendor management, IT separation and integration to full project delivery.

SmartCo
Consulting

Cyber Security Services

We work with you to transform your IT infrastructure and assets, keeping your organisation, technology and data safe and secure.

Features

- Risk assessment and strategy: Collaborating to develop robust strategies.
- Strategies consider regulatory requirements, organisational transformation, and risk mitigation.
- Cyber defence: Implementing proactive measures to protect data and systems.
- Incident response: Preparing to mitigate the impact of incidents.
- Collaboration and implementation: Support for implementing recommended solutions.

Benefits

- Getting cyber security right empowers you to embrace new opportunities.
- Avoids significant costs, disruptions, and reputational damage.
- Strategic Delivery Partner.
