

GCloud 15 Terms of Service

Published on 14 January, 2026

Cloud Services Terms

Where cloud services are being utilised, for instance, by being resold, repackaged or used, and the original vendor is not Catapult, then the terms of service from the originating vendor will apply. Terms of services from vendors that Catapult use on a regular basis are shown below.

Vendor	
Atlassian	https://www.atlassian.com/legal/cloud-terms-of-service
Amazon	https://aws.amazon.com/service-terms/
Auth0	https://auth0.com/web-terms
Okta	https://www.okta.com/

Other Terms

If customisation services, engineering, consultancy or any other services are required, then there are no additional terms and conditions for this service.
