# G-Cloud 15 Terms and Conditions

For any work under the G-Cloud framework, LAB287 Limited will adopt the Framework Call-Off terms as stated in the G-Cloud 15 Framework Agreement.

If there are any specific terms that are particular to an engagement, those will be defined and agreed as part of the engagement and the relevant order documentation.

**Lab287** /lab-tuː-eit-ˈseɪv/ noun

1. the UK's leading specialist in space-enabled organisational transformation.

Lab287 help government and public sector bodies, as well as businesses in the private sector, to implement change by putting to work the capabilities and potential of data and technologies originating or located in space.
