

G-CLOUD 15

Security as-a-service (FortiCloud)

Security as-a-service (FortiCloud)

FortiCloud is a comprehensive cloud-based security management and analytics solution from Fortinet. It provides organisations with centralised visibility, control, and actionable insights across their entire Fortinet security infrastructure, simplifying security operations and enabling better protection against cyber threats.

Benefits include

- Centralised management, reduces operational complexity
- Scalable and flexible cloud-based platform
- Enhanced security visibility and analytics
- Improved threat detection and response
- Increased operational efficiency through automation
- Cloud-based sandboxing for advanced threat protection
- Multi-tenant support for MSSPs and enterprises
- Actionable recommendations for security posture improvement
- Reduces costs with cloud-based delivery model
- Seamless integration with Fortinet's Security Fabric

Your Cyber Security Specialists

FullProxy provided us with an efficient and good quality service and were able to meet our tight deadlines

Commercial Manager
Healthcare

FullProxy are specialists in Cyber Security and Web Application consultancy. We optimise, install & manage premium cyber security solutions to minimise your security risk and maximise your return on investment.

Why work with FullProxy?

Our highly experienced consultants are Scotland's most certified F5 and Fortinet advisors, ensuring your implementation is seamless, your team is supported, and you achieve ROI from your implementation as soon as possible.

We also provide bespoke cyber security and web application strategy, with a curated portfolio of partner technologies to suit your needs.

FullProxy's size means we're agile and independent, so we can work alongside you to optimise the right solution for your organisation.

Our experience

Our extensive experience in delivering Public Sector projects means we have a deep understanding of your challenges and can therefore provide you with a better and more relevant service.

With a proven track record specifically in Healthcare, Education, Local Government, Financial Services and Critical Infrastructure we are trusted and recommended by people like you.
