# Cyber Security Professional Services

# Cyber Security Professional Services

FullProxy Professional Services offer proven solutions and practical guidance to help you optimise and future-proof your IT infrastructures.

Our Professional Services experts are accredited to the highest level and have decades of experience helping customers secure their infrastructure and get the most out of their investments.

We have hands-on experience in Cyber Security and Cloud Networking and are able to deploy technology from across our portfolio into Public, Private or Hybrid Cloud environments.

## Benefits include:

- Experienced and certified consultants
- Proven delivery capability
- Eliminate risk
- Extensive Public Sector experience working in :-
  - NHS
  - Local Govt
  - Central Govt
  - Education
- We also apply our Commercial Sector experience with major Banks & Financial Institutions so you're assured of the most up-to-date expertise from the wider cyber security community.

## FullProxy Professional Services

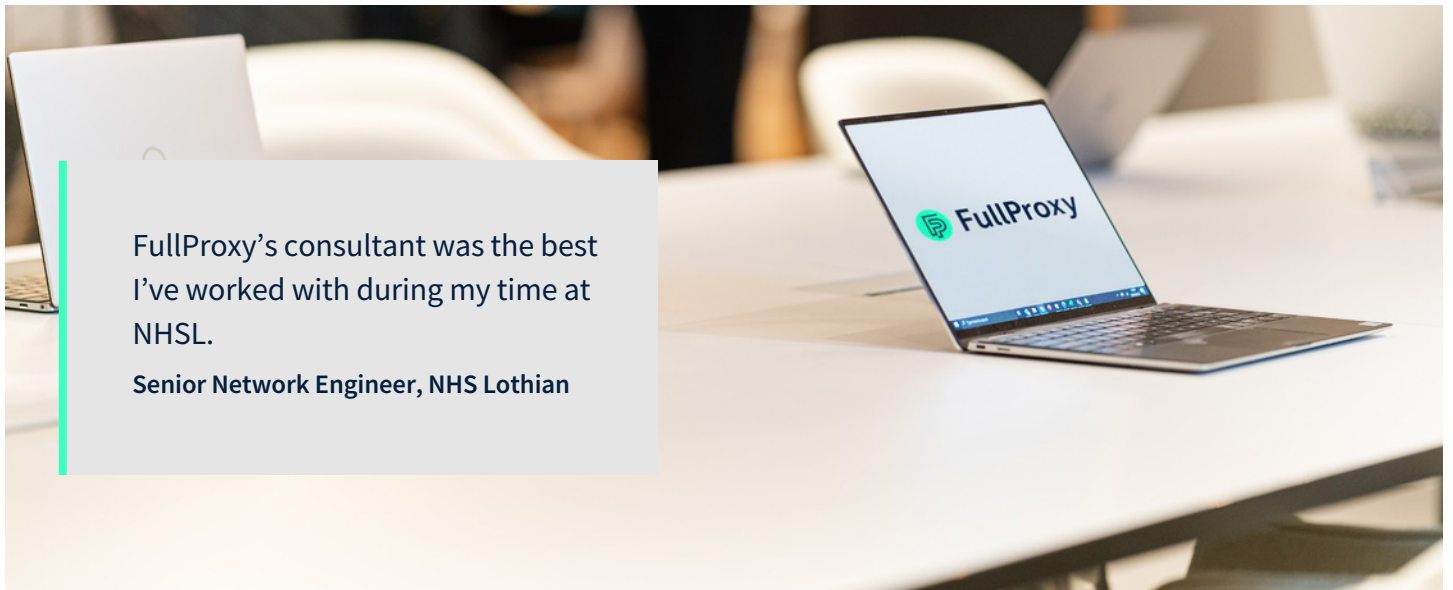

FullProxy work collaboratively with our clients to understand your technology use cases and challenges, and develop bespoke solutions to meet your requirements. Careful planning is crucial to delivering secure application and infrastructure designs while minimising risk and reducing impact to live services either on premises or in the cloud.

Our consultants will bring the following to your team:

- Advanced skills in Public, Private and Hybrid Cloud implementations
- Expert advice on migration to, between and even from the Cloud
- Strategy and Architecture planning
- Solutions from leading technology vendors

# Your Cyber Security Specialists

---

FullProxy's consultant was the best I've worked with during my time at NHSL.

Senior Network Engineer, NHS Lothian

FullProxy are specialists in Cyber Security and Web Application consultancy. We optimise, install & manage premium cyber security solutions to minimise your security risk and maximise your return on investment.

## Why work with FullProxy?

Our highly experienced consultants are Scotland's most certified F5 and Fortinet advisors, ensuring your implementation is seamless, your team is supported, and you achieve ROI from your implementation as soon as possible.

We also provide bespoke cyber security and web application strategy, with a curated portfolio of partner technologies to suit your needs.

FullProxy's size means we're agile and independent, so we can work alongside you to optimise the right solution for your organisation.

## Our experience

Our extensive experience in delivering Public Sector projects means we have a deep understanding of your challenges and can therefore provide you with a better and more relevant service.

With a proven track record specifically in Healthcare, Education, Local Government, Financial Services and Critical Infrastructure we are trusted and recommended by people like you.
