

G-CLOUD 15

Cloud Migration Planning

Cloud Migration Planning

FullProxy provides comprehensive planning for migrating on-premises IT infrastructure and applications to the cloud.

The service includes:

- Cloud readiness assessments
- Migration strategies
- Application/data migration plans
- Execution roadmaps
- Change management
- Post-migration support to ensure a smooth and efficient Cloud Adoption process

Benefits include

- Scalability
- Cost efficiency
- Flexibility and agility
- Improved service performance
- Enhanced security, compliance
- Robust disaster recovery and business continuity
- Streamlined service management
- Global reach and collaboration opportunity
- Innovation acceleration
- Environmental sustainability

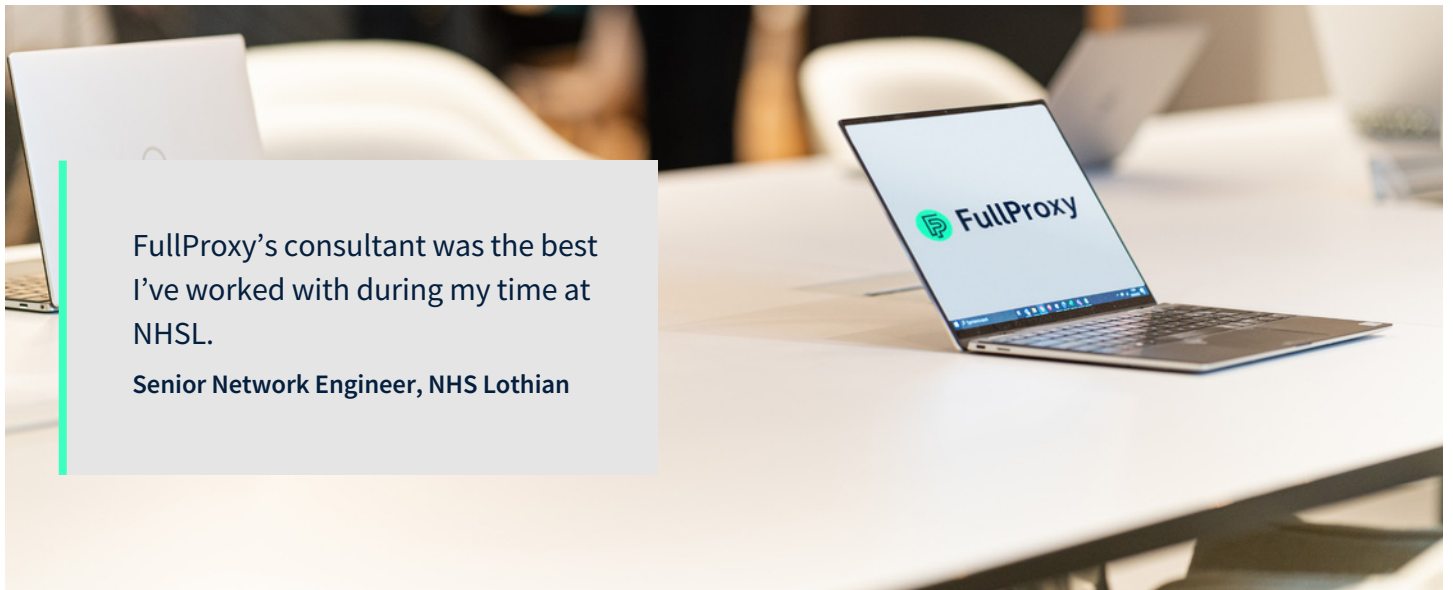

Cloud Migration Planning

Service features:

- Comprehensive infrastructure/application assessment
- Tailored cloud strategy development & cloud service model selection
- Risk assessment and mitigation
- Cost analysis and budgeting
- Application assessment and prioritization
- Security, performance and compliance planning
- Data migration strategy
- Execution planning, automation
- Change management, training
- Post-migration support, optimisation

We will help you develop a migration strategy that aligns with your business objectives and minimises disruption to your operations. This may involve identifying suitable migration approaches, such as lift-and-shift, re-platforming, or re-architecting, and determining the optimal sequence and timing for migrating different workloads and applications.

Your Cyber Security Specialists

FullProxy's consultant was the best I've worked with during my time at NHSL.

Senior Network Engineer, NHS Lothian

FullProxy are specialists in Cyber Security and Web Application consultancy. We optimise, install & manage premium cyber security solutions to minimise your security risk and maximise your return on investment.

Why work with FullProxy?

Our highly experienced consultants are Scotland's most certified F5 and Fortinet advisors, ensuring your implementation is seamless, your team is supported, and you achieve ROI from your implementation as soon as possible.

We also provide bespoke cyber security and web application strategy, with a curated portfolio of partner technologies to suit your needs.

FullProxy's size means we're agile and independent, so we can work alongside you to optimise the right solution for your organisation.

Our experience

Our extensive experience in delivering Public Sector projects means we have a deep understanding of your challenges and can therefore provide you with a better and more relevant service.

With a proven track record specifically in Healthcare, Education, Local Government, Financial Services and Critical Infrastructure we are trusted and recommended by people like you.
