

G-CLOUD 15

Cyber Security Consultancy

Cyber Security Consultancy

Professional consultancy services offered by a certified F5 expert partner that helps organizations leverage F5 technologies to optimize their network infrastructure, improve application delivery, enhance security, and achieve their business objectives effectively.

Benefits include:

- Access to specialised cyber security expertise
- Objective assessment of current cybersecurity posture
- Cyber security solutions tailored for your specific needs and risk profile
- Effective cyber security risk management
- Improved compliance assurance
- Incident response readiness
- Continuous improvement of cyber security posture and resilience
- Improved cyber security awareness

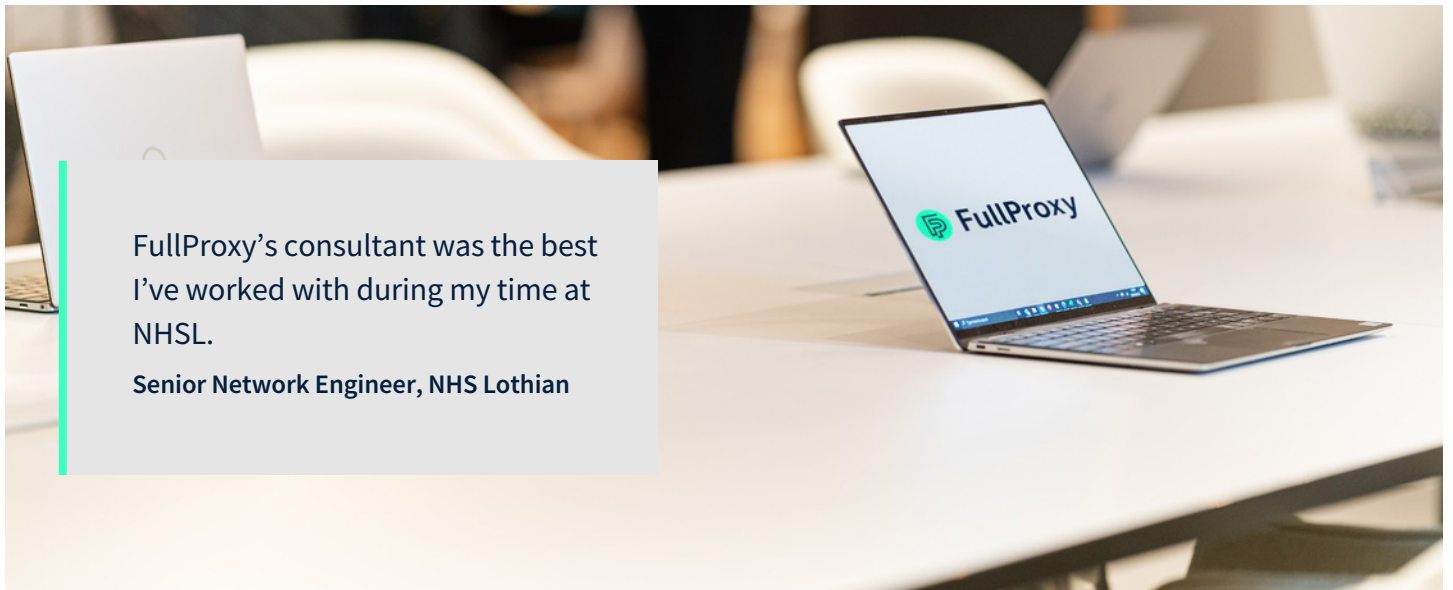

Cyber Security Consultancy

Our service features include:

- Cyber risk assessment and management
- Security strategy and planning
- Security architecture and design
- Incident response and management
- Compliance and regulatory compliance
- Security awareness and training
- Vendor and Third-Party risk management
- Managed security services, threat detection, and incident response support

Your Cyber Security Specialists

FullProxy's consultant was the best I've worked with during my time at NHSL.

Senior Network Engineer, NHS Lothian

FullProxy are specialists in Cyber Security and Web Application consultancy. We optimise, install & manage premium cyber security solutions to minimise your security risk and maximise your return on investment.

Why work with FullProxy?

Our highly experienced consultants are Scotland's most certified F5 and Fortinet advisors, ensuring your implementation is seamless, your team is supported, and you achieve ROI from your implementation as soon as possible.

We also provide bespoke cyber security and web application strategy, with a curated portfolio of partner technologies to suit your needs.

FullProxy's size means we're agile and independent, so we can work alongside you to optimise the right solution for your organisation.

Our experience

Our extensive experience in delivering Public Sector projects means we have a deep understanding of your challenges and can therefore provide you with a better and more relevant service.

With a proven track record specifically in Healthcare, Education, Local Government, Financial Services and Critical Infrastructure we are trusted and recommended by people like you.
