Fortinet Consultancy

Fortinet products are powerful. But they're also complex. Which means they often require custom implementation and configuration if you want to properly deploy and get the full benefit from them.

As **the UK's most certified Fortinet specialists** and Scotland's only Fortinet Expert Partner, we offer advanced implementation, configuration and ongoing maintenance.

So you can have confidence that your Fortinet products are fully deployed and your organisation is properly protected, while maximising your benefits and return on investment.

Your Cyber Security Specialists

FullProxy's consultant was the best I've worked with during my time at NHSL.

Senior Network Engineer, NHS Lothian

FullProxy are specialists in Cyber Security and Web Application consultancy. We optimise, install & manage premium cyber security solutions to minimise your security risk and maximise your return on investment.

Why work with FullProxy?

Our highly experienced consultants are Scotland's most certified F5 and Fortinet advisors, ensuring your implementation is seamless, your team is supported, and you achieve ROI from your implementation as soon as possible.

We also provide bespoke cyber security and web application strategy, with a curated portfolio of partner technologies to suit your needs.

FullProxy's size means we're agile and independent, so we can work alongside you to optimise the right solution for your organisation.

Our experience

Our extensive experience in delivering Public Sector projects means we have a deep understanding of your challenges and can therefore provide you with a better and more relevant service.

With a proven track record specifically in Healthcare, Education, Local Government, Financial Services and Critical Infrastructure we are trusted and recommended by people like you.
