

G-CLOUD 15

AWS Marketplace (F5)

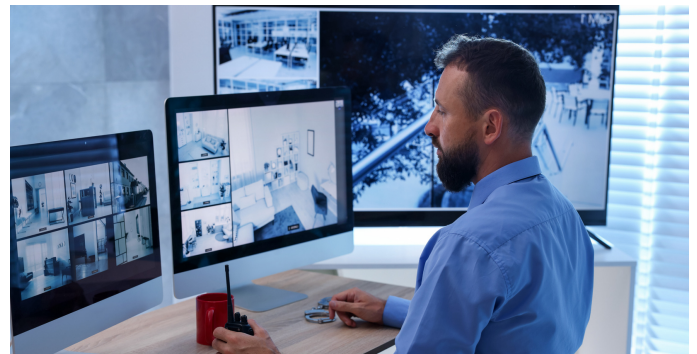

AWS Marketplace (F5)

FullProxy can provide AWS/ Azure for F5 products/services which are already available on AWS Marketplace. These offers can give customers access to discounted prices on the list prices for these services. FullProxy can ensure maximum ROI by additionally providing consultancy to design, configure and maintain these new customer services.

Benefits include

- Discover, purchase, migrate and start using software and services
- Launch pre-configured software in minutes
- AWS billing, including software charges for 3rd party
- Service (SaaS)
- APi integration
- 1-Click deployment to quickly launch pre-configured software
- Pay only for usage, by the hour or month.
- Access to commercial and free IT and business software.
- Software includes software infrastructure, developer tools, business applications.
- Many open source offerings available
- Categories include databases, application-servers, testing, monitoring and business intelligence.

AWS Marketplace (F5)

FullProxy can provide AWS and Azure for F5 products/services which are already available on AWS Marketplace.

API Integration

AWS Marketplace provides API integration solutions for seamless connectivity across services and applications.

Pay only for usage

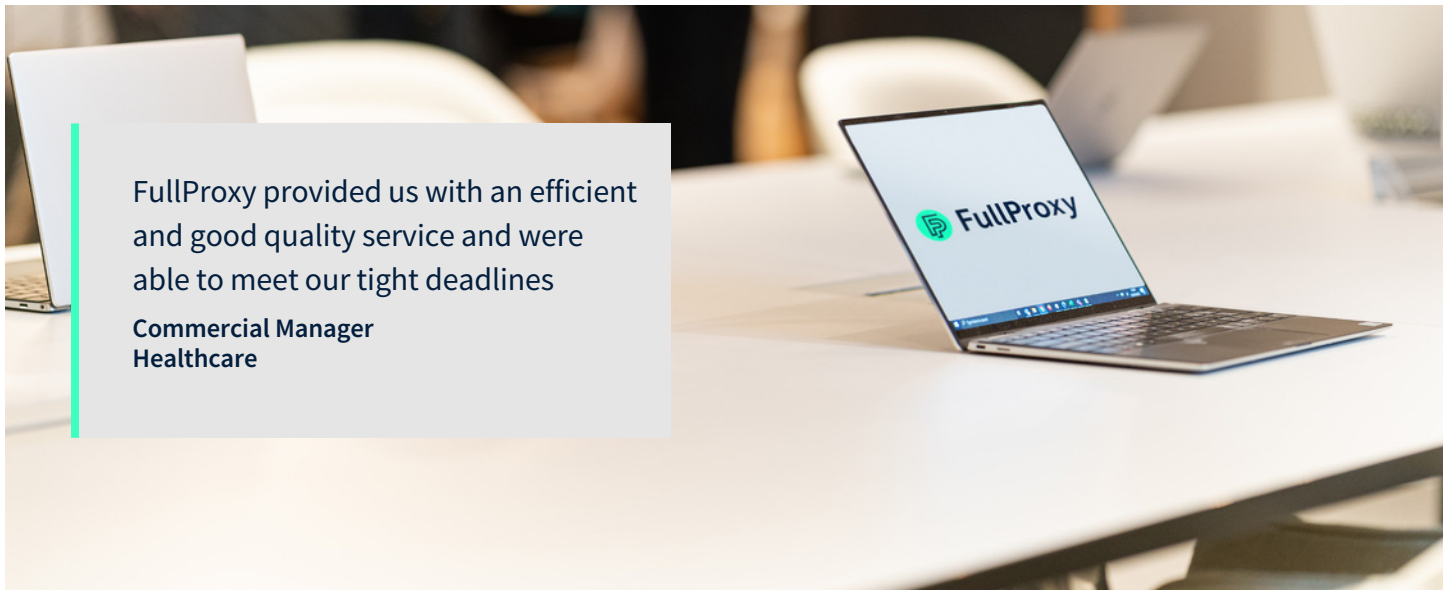

AWS Marketplace enables pay-per-usage pricing models, allowing you to pay only for what you consume.

Access to commercial and free IT and business software

AWS Marketplace offers access to a wide variety of commercial and free IT and business software solutions.

Your Cyber Security Specialists

FullProxy are specialists in Cyber Security and Web Application consultancy. We optimise, install & manage premium cyber security solutions to minimise your security risk and maximise your return on investment.

Why work with FullProxy?

Our highly experienced consultants are Scotland's most certified F5 and Fortinet advisors, ensuring your implementation is seamless, your team is supported, and you achieve ROI from your implementation as soon as possible.

We also provide bespoke cyber security and web application strategy, with a curated portfolio of partner technologies to suit your needs.

FullProxy's size means we're agile and independent, so we can work alongside you to optimise the right solution for your organisation.

Our experience

Our extensive experience in delivering Public Sector projects means we have a deep understanding of your challenges and can therefore provide you with a better and more relevant service.

With a proven track record specifically in Healthcare, Education, Local Government, Financial Services and Critical Infrastructure we are trusted and recommended by people like you.
