

G-CLOUD 15

Cloudflare

Cloudflare

Cloudflare is a leading web performance and security company that provides a global cloud platform to deliver a faster, more secure, and more reliable experience for viewing websites and web applications.

Benefits include:

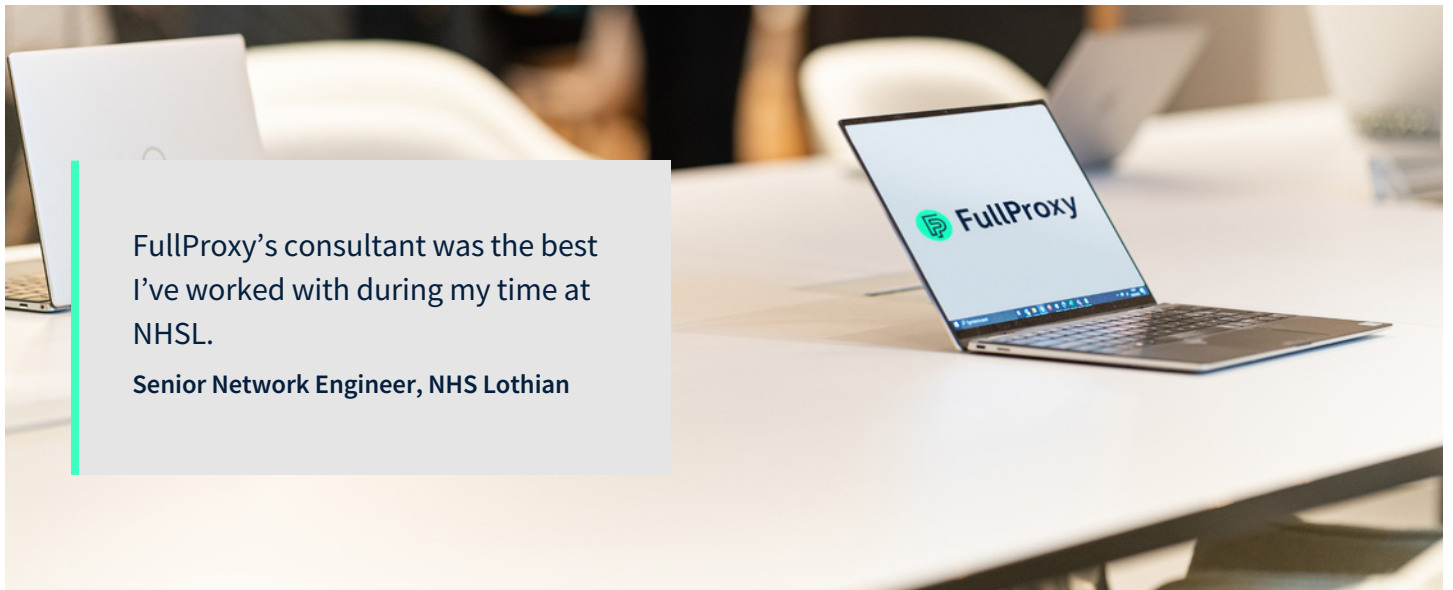

- Fast via global CDN, reduced latency.
- Integrated security: WAF, DDoS, bot protection.
- High uptime with Anycast, failover.
- Reduced bandwidth costs via caching.
- Simple DNS change for integration.
- Massively scalable distributed architecture.
- Real-time traffic, threat, performance analytics.
- Optimisation tools: images, code, mobile.
- Serverless edge computing
- Lower infrastructure costs than appliances

Cloudflare Features:

- Global content delivery network (CDN)
- Distributed denial-of-service (DDoS) protection
- Web application firewall (WAF)
- SSL/TLS encryption
- Authoritative DNS services
- Intelligent traffic routing
- Bot management
- Application load balancing
- Edge computing
- Security analytics and insights

Your Cyber Security Specialists

FullProxy's consultant was the best I've worked with during my time at NHSL.

Senior Network Engineer, NHS Lothian

FullProxy are specialists in Cyber Security and Web Application consultancy. We optimise, install & manage premium cyber security solutions to minimise your security risk and maximise your return on investment.

Why work with FullProxy?

Our highly experienced consultants are Scotland's most certified F5 and Fortinet advisors, ensuring your implementation is seamless, your team is supported, and you achieve ROI from your implementation as soon as possible.

We also provide bespoke cyber security and web application strategy, with a curated portfolio of partner technologies to suit your needs.

FullProxy's size means we're agile and independent, so we can work alongside you to optimise the right solution for your organisation.

Our experience

Our extensive experience in delivering Public Sector projects means we have a deep understanding of your challenges and can therefore provide you with a better and more relevant service.

With a proven track record specifically in Healthcare, Education, Local Government, Financial Services and Critical Infrastructure we are trusted and recommended by people like you.

G-Cloud Service Directory
