Digital Services: Registrations

Empowering public organisations to deliver seamless, secure, and digitally-driven registration services across the full lifecycle, from application to renewal, aligned with evolving citizen expectations and public sector standards

CloudSource brings clarity and confidence to the public sector transformation

CloudSource is an award-winning GovTech business, trusted by UK & EU Central Government, Agencies, and Regulatory Organisations to deliver **Digital Transformation, Strategy, and Delivery Services**, bringing deep sector knowledge to modernise operating models and drive lasting results.

Working solely within the public sector, our domain knowledge of **Regulatory, Compliance and Transparency** business processes is our differentiator in the business and technology ecosystem.

We're a thought leader and Microsoft champion, enabling our clients to drive value through cutting-edge Microsoft cloud platforms, business applications, data, and AI that meet today's digital expectations of citizens.

For over a decade, we've been a results-driven SME partner, putting customer success at the heart of everything we do and consistently delivering results above and beyond.

What makes us different?

Located in London, Edinburgh & Dublin

Service Description: Registrations

Delivering a modern experience for the application, assessment, and approval of license, registration, and permit processes that meet today's digital expectations is essential when building and maintaining a register.

Digital Registration Management

Enabling public sector organisations to provide a fully digital and compliant registration service lifecycle that meets today's digital expectations.

Empowering applicants/registrants to have complete visibility and control across the business lifecycle.

Dynamics 365 drives the process and ensures that all checks and balances are in place to move through each stage gate. The registration pipeline is visualised in real-time through customisable Dashboards.

Power Pages Portal connects the applicant/registrant to 24x7 access to self-driven services and support, enabling complete visibility and control.

End-to-End Digital Services Platform

Unify licensing, compliance, and enforcement into a single, modern, purpose-built solution. From registrations to investigations and beyond, accelerating every step, enabling disparate teams to protect the public and uphold integrity.

CloudSource's Digital Services Platform, built on Microsoft Dynamics 365 & Power Pages, is a tailored configuration designed for Public sector organisations looking to modernise their business operations. At its core, the solution centralises your register, accelerates registration and payments, and surfaces deep insights into registrants. Additional features deliver Enterprise-Scale Case Management, Inspections and Omnichannel Communications.

The full platform is delivered as a Software-as-a-Service (SaaS) solution, on a per-user, per-month licence subscription that can flex with your requirements.

Why Choose CloudSource Digital Services Platform

Public sector knowledge built in – Everything we have learned over 10 years of working with central government, departments, and regulatory bodies, distilled into our solution.

Local expertise & support – Proven UK & EU experience with onshore teams and localised domain knowledge.

Secure regional data hosting – Data is protected and compliant with sovereignty obligations.

Trusted by public sector organisations – in the UK & EU.

Upgrades included – the latest version through hassle-free updates included in your SaaS subscription.

Features:

Registration Portal & CRM System	Register Maintenance
Secure Document Integration	Omnichannel Communications
Registrations & Revalidation Workflow	Self-Service Data Management & Insights
Enterprise Case Management	Secure Payments Integration

Benefits:

Accelerated Registration and Revalidation	Data Reduction through Systems Integration
Real-time Data Analytics and Business Insights	Improved agility by securely and efficiently mastering Data Sources
Intelligent and Automated Business Processes	Multi-platform Analytics
Systems Integration and Interoperability	Secure Microsoft SaaS Platform

How we plan the service

CloudSource provides a flexible, collaborative approach to Project and Programme planning for the implementation of new services, from blue-sky thinking and business case authoring through mobilisation, delivery, and continuous improvement.

We have a dedicated project management office that specialises in delivering Digital, Data, and Technology (DDaT) and has experience at all stages of the programme lifecycle, including supporting service development from pre-alpha onwards. Our methodology follows a proven, GDS-aligned process. It delivers Agile Scrum with overarching waterfall governance.

Throughout delivery, we collaborate with customers and partners in sprints, using a one-team, one-goal approach and a continuous delivery principle to deliver demonstrable benefits as early as possible in all our work. Project plans and milestones are aligned with deliverables, and Highlight Reports (HLR) are delivered at a frequency to provide a clear view of Project progress and activity status, leading to a high degree of confidence in achieving milestones.

Recognition

CloudSource is proud to be recognised across multiple dimensions, from driving digital transformation to championing diversity and inclusion in tech. Our awards reflect the strength of our people, the impact of our solutions, and our commitment to building a smarter future. Whether it's delivering change or empowering underrepresented voices, we're honoured to be leading the way.

Impact

Social value is integral to our culture and purpose. We are committed to supporting local communities and delivering real impact through everything we do.

 **HumanWise** is our social value initiative, a reflection of two of our core values: Human and Wise. Together, they define how we give back to society and create sustainable impact.

CloudSource holds the **Social Value Quality Mark Bronze Award**, recognising our commitment to delivering meaningful impact through HumanWise.

This is to certify that

CloudSource

has been successfully awarded the Quality Mark

Terms and Conditions:

All services provided are governed by the G-Cloud 15 Framework Terms and Conditions. Additional Terms may apply, dependent upon the service being purchased; these may include:

- **Software as a Service (SaaS) & Cloud Storage Subscription**
All software license purchases and subscriptions are the client's responsibility.
- **Data Processing**
Data processing may be subject to an additional Data Protection Agreement.

Client Obligations:

For CloudSource to deliver our service to the highest possible standards, we may ask our clients to:

- **During the Onboarding Phase**
Make an agreement on the most suitable governance model to meet the requirements of the engagement.
- **Engage Business Stakeholders**
Communicate the expectations of project involvement to key business stakeholders.
- **Provide Access to Technology**
Line-of-business Applications, Technology Estate & Data.
