ONLINE DRIVING LICENCE VERIFICATION

DAVIS Licence Check operates on a credit system, unless there is agreement to invoice in arrears. One credit will allow one driving licence to be checked against official DVLA source data. Any subsequent re-check of a driver will cost one credit for each recheck.

The following data will be provided:

- Endorsements & penalty points
- Status and effective dates
- CPC card effective dates
- Tacho Card reference number and effective dates
- Disqualifications, including DR10's
- Provisional licenses
- Expired, due to expire and revoked licences
- Category entitlement (and expirations)
- Address disparities
- Medical and other restrictions

Price per check £3.00 for drivers located within GB.

Any DVA NI requests for Northern Ireland licence information do not form part of the DAVIS - Licence Check service and therefore require a manual submission and data capture by DAVIS

personnel for which a different process and a separate charge will be incurred. **These are charged at £15.00 per check.**

DQ3/NIL RETURN

DQ3 means a record returned with 'licence holder suppressed record' status, following a request to the DVLA against that licence holders' record. This means that the record is not available electronically from the DVLA and a manual submission will need to be made to obtain the details in the licence holder record. There are a number of reasons for which a record may be marked, a full list is available on request.

Investigation and resolution with the DVLA following a nil return will cost £10.00 per check.

GHOST/FOREIGN LICENCE RECORD CHECK

Where a driver holds an EU driver licence, but commits a motoring offence in GB the DVLA will record any endorsement/points against that driver record by allocating a GB driver number. Customers can check whether an EU licence holder has a GB record by conducting a so-called "Ghost Record Check" against the foreign licence number. This is a manual process.

Investigation with the DVLA will cost £15.00 per check.
