

The background is a dark blue gradient. In the lower half, there are white light trails from a long-exposure photograph of a highway, curving from the bottom left towards the center. On the right side, there are several overlapping circles in various shades of teal, green, and purple. The text is white and centered in the upper half.

DAVIS – Grey Fleet G-Cloud 15 Pricing Definition

Section 1 – PRICING

SOFTWARE DELIVERY

DAVIS Grey Fleet will deliver the following elements, as part of a standard implementation:

- One instance of DAVIS Grey Fleet cloud hosted software solution
- Set up of customer administrators, locations and departments within instance
- Set up of unlimited, system users and drivers that can access the instance

This software delivery service is included free of charge.

TRAINING & Hosting

- One training webinar, with a train the trainer approach, for up to 8 people

The training service is included free of charge. Hosting is inclusive in the annual charge for the service.

ONLINE GREY FLEET MANAGEMENT

DAVIS Grey Fleet management is a fully functional grey fleet vehicle management and reporting system. Grey Fleet will reference DVLA source data, using the vehicle registration number to populate vehicle details accurately and completely. It also supports corporate vehicle policies and documentation, optional service information and seamlessly links to the DAVIS Licence Check service.

Roadworthiness facility is available to users at no additional cost as an optional part of the service.

The following data will be provided via a vehicle lookup from the DVLA:

- MOT Expiry
- Road Fund Licence Expiry
- Make and Model
- Manufacture Date
- Date of First Registration
- Fuel Type
- Colour
- CO₂ Emissions
- Engine Size
- Body Style
- Vehicle Identification Number
- Published MPG figures

Price per driver per annum is £7.80 (up to 5 vehicles may be registered by a driver).

MANUAL INSURANCE VERIFICATION

DAVIS Grey Fleetmanagement allows the driver to enter their insurance details and confirm business cover for each vehicle registered on the system. Drivers can upload insurance certification and policy details.

DAVIS Support are to manually verify the insurance documents and check for suitable business cover, **the price per driver is £2 per document submitted.**
