Dragonfly Pricing Document..... 4

 Assumptions and Clarifications4

Dragonfly Pricing Document

The Dragonfly fee structure is set out for an enterprise level agreement. This means that the fee covers unlimited use of Dragonfly on any number of projects or size of portfolio for linear pipe length measured either in linear feet or metres paid for, including unlimited user accounts. The fee will be charged monthly or annually depending on the pricing model selected.

Product Fees

Type	Fee
Fee per linear foot/metre	GBP 0.85 per linear metre

The fee per linear foot/metre covers the use of the product for processing video and identifying defects and associated codes plus QC of model outputs.

An additional set-up fee of £2,500 per project applies, covering:

- User accounts for each individual using the product.
- A training session
- Support to input the project/scheme and upload project data into the product.
- Online access to view and download project results generated by the product.
- Ongoing user support

Assumptions and Clarifications

- Fees will be subject to the Jacobs Dragonfly Services Agreement.
