Pathlock Cloud products are licenced according to two main metrics; The number of systems that you have connected to a Pathlock Cloud product (AAG, CCM, CAC) and the number of users within those systems. This allows us to properly size and configure each cloud instance of Pathlock Cloud accordingly and provides a fair price to value calculation.

The minimum term for any subscription is 12 months

Pathlock Cloud Application Access Governance (AAG)

(a) The monthly subscription fee includes all hardware, application housekeeping (monitoring/backups) and maintenance and support

(b) Please note that there is an initial onboarding/set-up/training fee of £5,000 per instance of Pathlock Cloud AAG

(c) Additional self-service and web-based 1-2-1 Masterclasses are included free of charge

Product Description	Monthly Subscription Fees			
	up to 1,000 Users	up to 3,000 Users	up to 5,000 Users	up to 10,000 Users
