

Security Operations Centre

Pricing

The total price of our Security Operations Centre (SOC) service represents the combined cost of three components:

- **Core SOC operations**, providing 24/7 monitoring, alert triage, and incident response.
- **CSTM (SIEM) data ingestion**, covering the collection and analysis of security telemetry.
- **Foundation Plus DDoS protection**, offering mitigation of volumetric and application-layer network attacks. The overall SOC price is the sum of these three elements, ensuring full, end-to-end protection and transparent, scalable pricing.

Component	Pricing Unit / Band	Annual Fee (£)
Core SOC	Up to 500 FTE	£15,600
	500-650 FTE	£31.20 per FTE
	650-999 FTE	£31.00 per FTE
	1,000-2,999 FTE	£30.00 per FTE
	3,000-4,999 FTE	£29.00 per FTE
	5,000+ FTE	£28.50 per FTE
CSTM (SIEM ingest)	Up to 20 GB/day	£35,345
	20-30 GB/day	£50,492
	30-50 GB/day	£68,165
	50-60 GB/day	£75,552
	60-80 GB/day	£93,066
	80-100 GB/day	£111,084
DDoS Protection	Jisc Band G-J	£728
	Jisc Band A-F	£1,455
	Jisc Band 5b-10	£2,425
	Jisc Band 1-5a	£5,380
	Public sector / Non-profit	£6,725
	Commercial	£8,075
