Qlik Sense Enterprise Client-Managed

Qlik Sense Enterprise Client-Managed includes Qlik GeoAnalytics Base, all Qlik Web Connectors plus a Development and a Test Site . The minimum order is one Professional User. You will need to determine the configuration of Professional and Analyzer users to be able to calculate the price. Tiered pricing defines a price per unit within a range. With tiered pricing once a tier is exceeded, you move to the next tier and charge a lower price per unit. The net price is the blended price of the applicable tiers. Make use of the published Price Calculator for easy deal size assessment.

All prices reflect annual subscription fees. Additional terms are published on www.qlik.com/product-terms. (Please note all Qlik customers have free access to a comprehensive collection of online courses in Qlik Continuous Classroom ("New User" pathway) to help get setup and running with Qlik.)
