

MetricsLed PROJECT

PRICING

MetricsLed PROJECT is developed, maintained, and supported by MetricsLed, a trading name of Skotkonung Ltd. Skotkonung Ltd is an IT solutions company specialising in the design, implementation, and support of secure, web-based operational management and information systems.

A standard corporate or project licence is priced at **£24,000 per annum**. This includes assistance with initial configuration, four (4) hours of user training, and two (2) hours per month of technical support.

Discounts are available for organisations purchasing multiple licences.

Ad hoc user support and software training are available at a rate of **£100 per hour**. Reduced hourly rates can be agreed where support is pre-arranged or purchased in advance.
