Training Total

All of our implementation costs include training, however if you need extension on the standard training i.e. for new members, refresher or advanced training then these price will apply. These additional session can be requested through your Account Manager at the above additional costs.

These prices reflect online training over Microsoft Teams, if you require on-site face to face training this costing can be provided on request.

Notes:

- All prices are in GBP (£) and exclude VAT
- Online training sessions are based on up to 5 participants maximum
- Core training is mandatory for all new system users
- Optional training can be added based on client requirements and features purchased
- POA = Price on Application - contact us for bespoke training requirements
- Face-to-face training available: Online price plus travel costs and time at £50/hour
- Training at Phew HQ: Online price plus £50
- Each training session includes: Pre-training call (30 mins), session delivery, and post-training support materials
- **To use this calculator: Enter quantities in the "Qty" column and totals will calculate automatically**
- Training sessions can be scheduled at mutually convenient times
- All training includes access to training materials and documentation
