G-Cloud 15 Pricing Document

Introduction

Business Reform Limited is a Microsoft certified partner, a Microsoft certified solutions provider and a Smartsheet Aligned Solution Partner.

We design, implement and deliver effective and efficient solutions for our clients. Our team are passionate about our work and driven to provide great delivery and end user experience, maximising the power and benefits of Microsoft 365, Smartsheet and other suitable software and applications.

Pricing

The pricing detailed in the G-Cloud 15 rate card will be used to calculate the price for specific packages of work and is based upon Government Digital and Data Roles as per the Government Digital and Data Profession Capability Framework, as detailed below.

The cost, service scope and delivery requirements will be detailed and agreed with you in advance of the work being undertaken.

We are also able to provide fixed pricing for packages of work, calculated utilising the rates shown in the G-Cloud 15 rate card. All rates, charges and prices shown are exclusive of VAT.

Travel, mileage and subsistence expenses are charged to the client at cost and we are adept at delivering our services remotely to support your Net Zero policies.

Standard office hours are 9:00am to 5:00pm Monday to Friday, excluding UK bank holidays.

For the avoidance of doubt, the pricing shown in the rate card applies only to engagements contracted under G-Cloud 15.

Licencing costs

Licences are required to enable the full functionality deployed and are subject to annual renewal.

The cost will vary depending on factors including the number of users, storage and functionality. Details of costs based upon the specific scope of the engagement will be provided in advance of work commencing.

Licencing costs may be payable directly to the third party software provider.

Change Control / Development Work

Following system Go-Live and for a period of thirty days, we would provide support of minor / non - structural refinements to the application which are included within the agreed quotation.

Any future changes or development work would be subject to an additional quotation.

Ongoing support

Business Reform Limited provide a range of ongoing support services to our clients. These are tailored to our clients' specific requirements and quotations are available on request.

Optional training packages available

Business Reform Limited provide a range of training packages to our clients including workshops for administrators, super user training and end user training. These are tailored to our clients' specific requirements and quotations are available on request.

Discounts and special pricing

We may offer discounts to clients in instances where multiple packages of work are commissioned, or ongoing services are also purchased such as support packages, these would be applied as a discount against the fixed price of works rather than individual rates.
