## Metabase price list

The price for the basic service, comprising the full range of SaaS services, is on a subscription basis. This is determined by the server configuration required to support the size of the database Metabase is connected to. Metabase is an open source software product therefore there is no software licence cost.

| Installation type                                                                      | Annual hosting, support and maintenance cost            |
|----------------------------------------------------------------------------------------|---------------------------------------------------------|
| Metabase on existing server (e.g. Koha or Aspen Discovery server)                      | £2,450                                                  |
| Metabase on standalone synchronised database server with secure bridge to live servers | £3,950                                                  |
| Additional database connections - up to 3                                              | £1,000                                                  |
| More than three additional database connections                                        | price dependent on number and nature of the connections |

Further professional services such as installation and training are charged at £1,000 per day (£1,300 per day in person). Fixed costs can be provided for some of the services, the costs of other services are dependent on issues specific to each customer, for example, the third-party systems involved, functional objectives and so on. See the table below.

| Services                                         | Virtual         | In person      |
|--------------------------------------------------|-----------------|----------------|
| Implementation workshop (half-day)               | £500            | £650           |
| Installation and configuration                   | £500            | N/A            |
| Basic training (half-day)                        | £500            | £650           |
| Advanced training (full day)                     | £1,000          | £1,300         |
| Configuration of additional database connections | £500/connection | N/A            |
| Software development                             | £1,000 per day  | £1,300 per day |
| Customisation                                    | £1,000 per day  | £1,300 per day |

All prices exclude VAT.
