DSpace price list

The price for the basic service, comprising the full range of SaaS services, is on a subscription basis. This is determined by the server configuration required to support the peak concurrent user demand and size of the collection involved. DSpace is an open source software product therefore there is no software licence cost.

DSpace pricing model scaled according to transaction volume and storage estimates	Annual hosting, support and maintenance cost
Model 1 - < 30k documents	£3,450
Model 2 - up to 50k documents	£6,950
Model 3 - up to 100k documents	£10,950
Model 4 - up to 150k documents	£15,450
Dedicated server, larger data and storage volumes	up to £40,000

Minor upgrades are included in the annual charges. Major upgrades are chargeable but costs vary depending on the nature of the installation and the complexity of the upgrade. Choice to upgrade is always with the customer unless security risks dictate an upgrade path.

Further professional services, such as installation, configuration, data migration, training and customisation, are charged at £1,000 per day (£1,300 per day in person). Fixed costs can be provided for some of the services, data migration and customisation work are dependent on issues specific to each customer (see below).
