Aspen Discovery

**Patron discovery and engagement
platform**

Freeing libraries and archives to do the things they do best

Aspen Discovery price list

The price for the basic service, comprising the full range of SaaS services, is on a subscription basis. This is determined by the server configuration required to support the number of libraries / users accessing the system and the configuration of the interface - e.g. single or multiple end-user interfaces. The annual cost is considered on a library by library basis in accordance with population or potential usage size. Aspen Discovery is an open source software product therefore there is no software licence cost.

Aspen Discovery bands based on size of installation and number of instances	Annual hosting, support and maintenance cost
Model 1 - single institution, single instance, up to five branches	£3,000
Model 2 - single institution, up to 25 branches	£6,000
Model 3 - single institution, up to 60 branches	£8,500
Model 4 - up to five institutions, up to 100 branches	£11,500
Model 5 - up to ten institutions, up to 200 branches	£20,000
Band 6 - more than ten institutions, unlimited branches	£30,000

Further professional services such as installation, configuration and integration, data harvesting and training are charged at £1,000 per day (£1,300 per day in person). Fixed costs can be provided for some of the services, the costs of other services are dependent on issues specific to each customer, for example, data types, the third-party systems involved, functional objectives and so on. See the table below.
