Koha

Library management system

Freeing libraries and archives to do the things they do best

Koha price list

The price for the basic service, comprising the full range of SaaS services, is on a subscription basis. This is determined by the server configuration required to support the number of bibliographic records in the collection(s) to be managed and peak concurrent user demand. Koha is an open source software product therefore there is no software licence cost.

Koha single institution model scaled according to data volume and usage estimates	Annual hosting, support and maintenance cost
Model 1	£3,450
Model 2	£4,450
Model 3	£5,950
Model 3a	£8,450
Model 4	£12,450
Model 5	£15,450
Model 6	£16,950
Model 7	£18,450
Model 8	£24,950
Consortial model 1	£15,000
Consortial model 2	£25,000
Consortial model 3	£45,000
Consortial model 4	£75,000

Further professional services such as installation, further configuration and integration, data migration and training are charged at £1,000 per day (£1,300 per day in person). Fixed costs can be provided for some of the services, the costs of other services are dependent on issues specific to each customer, for example, data types, the third-party systems involved, functional objectives and so on. See the table overleaf.
