## **Evaluation Training**

£6000.

## **Evaluation of Social Value**

**Simple evaluation** (assumptions - 1 evaluator, straightforward procurement, up to 6 bidders, a single lot framework, relatively low number measures per bidder), up to £3,000,000:

Without peer review (under 500k): £1300.

With peer review (over 500k): £1625.

**Moderate evaluation** (assumptions - 1 evaluator, 6 – 10 bidders, single lot framework, Contract Value up to £15,000,000).

Without peer review (under 500k): £1900.

With peer review (over 500k): £2400.

**Complex Evaluations** (assumptions – over 6 bidders, multiple evaluators, moderation meetings, multi Lots or/and TUPE, non standard approach)

This requires a discussion with the Strategic Account Manager (SAM) who will coordinate the relevant teams internally in the first instance to ensure the correct timings and set up plan are agreed prior to the bid being created on the evaluation platform. This includes the creation of the ITT to support the tender. Where possible, this should be at least 6-8 prior to the tender project 6-8 being set up on the platform.

£3,500 (includes peer review and both internal and (if required) customer moderation meetings).

SVP reserves the right at its discretion to charge the Customer reasonable costs where;

- I. a project requires additional services or input for the procurement e.g. bespoke adaptation of standard ITT Social Value documentation.
- II. an evaluation is completed but the tender is not awarded or is abandoned.
- III. a procurement is cancelled part-way during delivery (contract management).

Any additional costs to be levied will be made at a cost of £1,000 per day (or part thereof).

## **Local Needs Analysis (static)**

Free for SVP Members

£5,000 for Non-Members

£1,500 for policy review and community partners research.
