

SMART G-Cloud 15 Pricing

1. Pricing structure

CDPSoft's pricing structure is based on the number of Local Authorities using the instance; and the geographical location of the Sites, Plots and Permissions recorded in the system (i.e. within the administrative boundary of the licensed Local Authorities, or not). It is also based on the differing on-boarding required e.g. linking to an existing online map server or manual load of GIS layers.

Licence options:

1.1 Solo Licence

SMART will be used by one Local Authority only for recording Sites, Plots and Permissions wholly within the administrative boundary of the Local Authority.

Annual Licence Fee: £15,950 per annum plus VAT.

1.2 Hub Licence

SMART will be used by more than one Local Authority for recording Sites, Plots and Permissions wholly within the administrative boundary of the licensed Local Authorities. The Local Authorities must be within the same overall County group boundary. The recording of Sites, Plots and Permissions outside of the administrative boundary of the licensed Local Authorities but still within the County group overall boundary are not permitted. All locations must be within the boundary of a licensed Local Authority.

Please note that the Hub Licence must be contracted with a lead Local Authority for the full amount. Other Local Authorities are contracted as authorised users of the lead Local Authority.

Annual Licence Fee starting from: £15,950 per annum plus VAT + £2,000 per annum per Local Authority plus VAT (see price breaks below):

2. Hub Licence – Price Breaks

Band Descriptions	Additional Fee Per Annum (plus VAT)
For adding Local Authorities for users and/or managing locations in other Local Authority administrative boundaries:	
Up to 2 additional Local Authorities/administration areas (excluding the licensing Local Authority).	£3,000 plus VAT
Up to 4 additional Local Authorities areas (excluding the licensing Local Authority).	£5,400 plus VAT
Whole County Group (including the licensing Local Authority).	£8,400 plus VAT

3. Additional services (optional*)

CDPSoft provide range of additional services that are available based on the day rates below. Where required, customers may wish to instruct CDPSoft to carry out or support them in carrying out services.

*** Important Note:** To use the system with GIS map layers and previous permissions, items 3a – 3c are mandatory and will be priced based on the scope of the requirement.

Examples additional services include but are not limited to:

- 3a) On-boarding/Off-boarding.
- 3b) Data migration.
- 3c) Integrating with online GIS map server via an API.
- 3d) Loading of map layers and shapefiles.
- 3e) Interfaces (Web Services and CSV).
- 3f) Customer specific documentation.
- 3g) Customer specific Reports.
- 3h) Training.

4. Additional services pricing structure

The pricing structure for CDPSoft's Additional Services is based on the level of expertise, knowledge and skill required. CDPSoft provides a range of additional services available at full-day rates between £990 and £1,800 plus VAT. Minimum purchase is half a day.

5. Additional services pricing notes

- Pricing is exclusive of VAT, which will be charged at the prevailing rate.
- A Working Day is 6 hours exclusive of travel and lunch.
- A Working Week is Monday to Friday, excluding national holidays.
- Where applicable, time for preparation, analysis, review and evaluation for CDPSoft to supply the Services will be charged in Units of Working Days.
- The minimum order quantity is half a day.
- All prices exclude VAT, charged at the prevailing rate.
- All services are carried out remotely unless otherwise agreed.

6. End-of-contract data extraction (optional)

At any time up until 30 days after the termination of the Agreement upon request and payment of the relevant charges, for preparing the data, we will prepare a single copy of the Oracle database containing all data owned by the buyer (with proprietary stored procedures removed). We will provide the extract within 15 days of such request on a USB data storage media or streamed to a secure file transfer location supplied by the Buyer. Where collection the copy of Oracle database in person is agreed, a duly authorised representative of the Buyer must collect the extract. Any other data migration assistance is chargeable at the day rate noted in the Pricing Document.

£6,250 plus VAT for a single copy of the Oracle database.

This is an optional service, where buyers do not purchase this service all data is securely erased following termination or expiry of the Agreement.

7. Pricing notes

- Minimum contract term of 48 months.
- All prices exclude VAT.
- All prices are per annum unless otherwise stated.
- Standard payment terms are annually in advance.
- All Cloud on-boarding/off-boarding services are carried out remotely.
