Commercials

Cloudbooking's commercial proposals are composed of three primary elements of which, one, two or all three are the basis of proposed solution. Pricing can vary depending on region, quantity, resource mix, preferential terms, etc.

The three core components are:

Software Subscriptions

This covers Cloudbooking's workspace management Room, Desk, Parking and Visitor Management licences. For software, Cloudbooking is licensed out on a per resource basis, with an unlimited number of users included.

Hardware

Hardware can include some, all or none of digital signage for meeting rooms, desks, wayfinding kiosks and QR codes.

Professional Services

Cloudbooking's consultancy and implementation services provided to clients as needed to support solution deployment or workspace change. These can include:

- Workshops (Configuration / Kick-off / Design)
- Technical Consultancy (AD Integration / API assistance / SSO / Outlook Add-in Deployment)
- Configuration (Desks / Rooms / Resources / Hospitality)
- Data Migration
- Floor Plan Creation
- Hardware commissioning
- Customisation – Bespoke solutions
- Training
- Project Management

Discounts

- Discounts are available for upfront payment of 2/3 year term – negotiable at point of enquiry
