G-Cloud 15 Lot 3 Cloud Support Services Pricing

we commit. we deliver.

Introduction

This pricing document is provided for services offered under the G-Cloud 15 framework (RM1557.15), Lot 3 (Cloud Support Services). It should be read alongside the relevant Service Definition.

How pricing works on G-Cloud 15 Lot 3

Maximum day rates: Lot 3 pricing is based on maximum day rates for job roles and role levels aligned to the Government Digital and Data Profession Capability Framework. The maximum day rate is the maximum daily labour charge a supplier may charge for that role and role level.

Award Without Competition: For Award Without Competition, buyers pay the prices published on the Digital Platform. Pricing discussions are not permitted for Award Without Competition. Any price reductions applicable to Award Without Competition must be published on the Digital Platform and made available to all buyers.

Rate changes: Maximum day rates may be reduced during the framework scheme. Any reductions must be published on the Digital Platform and made available to all buyers. Maximum day rates cannot be increased during the scheme.

Roles offered: Only roles and role levels that have a maximum day rate populated in the Digital Platform at the tender deadline can be offered to buyers during the framework scheme

Role-based maximum day rates

All rates below are maximum day rates, in GBP (£) and exclude VAT. Rates are based on a 7.5 hour working day and are exclusive of travel and subsistence.

Delivery location	Internal role title	GDaD job family	GDaD role	Role level	Maximum day rate (excl VAT)
UK	Partner / Director	Chief digital and data roles	Chief technology officer	Chief technology officer	£1,600.00
UK	Programme Directors / Enterprise Architects	Architecture roles	Enterprise architect	Principal enterprise architect	£1,600.00
UK	Project Managers	Product and delivery roles	Delivery manager	Senior delivery manager	£1,250.00
UK	Solution / Technical Architects	Architecture roles	Solution architect	Senior solution architect	£1,400.00
UK	Specialist Work-stream Lead (e.g. Business Change Lead, Testing Lead, Integration Lead, Data Migration Lead)	Product and delivery roles	Business analyst	Lead business analyst	£1,400.00
UK	Functional and Technical Consultants	Software development roles	Software developer	Developer	£1,050.00
UK	Junior Consultant	Software development roles	Software developer	Junior developer	£825.00
UK	Analyst / PMO	Product and delivery roles	Digital portfolio manager	Digital portfolio analyst	£825.00

Working day and office hours

Standard working day: 7.5 hours (excluding lunch and breaks).

Working week: Monday to Friday, excluding UK public holidays.

Core hours: 09:00 to 17:00 (UK time).

Travel, subsistence and other expenses

Day rates are exclusive of expenses/travel and subsistence. Reimbursable expenses, if any, must be expressly permitted under the G-Cloud 15 Framework Schedule 3 and agreed in the Call-Off Contract (Order Form and/or Annex 1). All conditions in Framework Schedule 3 paragraphs 7.1.1 to 7.1.3 must be met for an expense to be reimbursable. Where reimbursable, expenses will be charged at cost with supporting documentation.

Travel, mileage and/or subsistence within the area bounded by the London Orbital Motorway (M25) is not reimbursable under the framework.

Publication and precedence

Pricing submitted under G-Cloud 15 will be published on the Digital Platform. This document is intended to support buyers in understanding the supplier's published pricing. In the event of any conflict, the G-Cloud 15 Framework Agreement and the Call-Off Contract (including the Order Form) take precedence.
