For G-Cloud 15

Annual Pricing Axiell Spark

Axiell Spark SaaS

This pricing includes hosting, maintenance updates and support for the core Axiell Spark modules:

- Host administration
- Circulation
- Cataloguing:
- Cash Management
- Acquisitions
- Communication
- Axiell MI
- Standard Integrations
- Spark Offline

Axiell Spark Core functionality	SaaS
College/Specialist Library	£ 16,100.00
Single Authority Public Library - < 50 concurrent users	£ 20,500.00
Single Authority Public Library 50-99 concurrent users	£ 26,300.00
Single Authority Public Library 100-149 concurrent users	£ 32,200.00
Single Authority Public Library 150-199 concurrent users	£ 38,000.00
Single Authority Public Library 200-299 concurrent users	£ 44,000.00

For multi-authority or consortium-based implementations, a reduced cost per authority is available. The discount applied will depend on the total number of participating authorities as well as their respective sizes.

Axiell Spark Enhancements Pricing

Optionally you can include additional functionality for your Axiell Spark solution, including:

Enhancements	SaaS

Single Authority Public Library 200-299 concurrent users	£ 10,000.00	£ 9,000.00	£ 4,000.00

Onboarding

Axiell projects are run according to Prince2 methodology. We have a very experienced team and pride ourselves on our flexibility to ensure that the system delivery meets our customer's needs. The cost of onboarding is based on days effort required, based on your unique requirements.

Offboarding / Access to data (upon exit):

The Axiell data extract script has been developed to ensure that data from the Axiell Spark can be provided to customers with the essential information required to migrate to an alternate environment. Pricing will be based on the standard day rate.

Day Rates

Axiell offer the following day rates:

Service	Standard Day Rate*	Initial Onboard Project day rate*
Project Management	£ 1,200.00	£ 600.00
Consultation	£ 1,200.00	£ 600.00
Development	£ 1,200.00	£ 1,200.00
Infrastructure Engineer	£ 1,200.00	£ 600.00
Webinar/Online Training	£ 1,000.00	£ 600.00

*All pricing is based on remote delivery. If onsite attendance is required, any associated travel and expense costs will be charged in addition to the prices listed.
