Service Overview

FourNet Defend is a managed cybersecurity service providing continuous threat monitoring, detection, investigation, and response across customer environments. The service is designed to enhance security operations by combining advanced security tooling with human-led monitoring and response.

FourNet Defend is delivered under G-Cloud 15 Lot 3 (Cloud Support), with pricing based on the number of protected endpoints and the selected level of managed service coverage.

Core Service Pricing

FourNet Defend is priced on a per-endpoint, per-month subscription basis. Buyers may select the service tier that best aligns with their operational and risk requirements.

Service Tiers

Service Tier	Unit	Price (GBP, ex VAT)
FourNet Defend – Monitor	Per endpoint / month	£6.00
FourNet Defend – Detect & Respond	Per endpoint / month	£10.00
FourNet Defend – Advanced MDR	Per endpoint / month	£15.00
