

MRI FAA (Fixed Asset Accounting)

Fixed Assets provides organisations with a system that can control and track changes to an asset throughout its life cycle from the moment it is entered into the system, as well as benefit from customisable depreciation methods, user reporting facilities and the ability to import new assets from external files.

Our solutions include:

- Unrestricted access to support for trained users within support hours for the duration of the contract.
- Regular software updates for the duration of the contract.
- Unlimited access to the client support portal.
- MRI standard hosting service, including disaster recovery.
